

REPORT 700 DEAD IN MEXICAN FLOOD

Langley Quits Congress As Booze Appeal Fails

MUST SERVE 2 YEARS IN U. S. PRISON

Supreme Tribunal Refuses
To Take Up Conviction
Of Kentucky Lawmaker
TAFT READS DECISION
Only Executive Clemency
Can Save Accused Man
From Term in Atlanta

(By United Press)
WASHINGTON, D. C., Jan. 11.—John W. Langley, Pikeville, Ky., today submitted his resignation as a member of the U. S. house of representatives for the tenth Kentucky district, following failure of his appeal to the U. S. supreme court from conviction and sentence to two years in jail for conspiring to violate the Volstead act.

Langley submitted his resignation to Representative Theodore Burton, Ohio, Republican, chairman of a committee appointed by the house to investigate his right to his seat.

The house accepted the resignation without discussion when presented.

Insists He Is Innocent
In relinquishing his seat, Langley insisted he was innocent and predicted that he would be completely vindicated.

"I would appeal on the floor and do this," Langley wrote, "but for the state of my health and other conditions."

Immediately after the resignation was read and accepted, the house discharged the special committee which was appointed to inquire into Langley's right to hold his seat.

Chief Justice Taft read the decision of the court.

A long list of brief numbers and titles, including Langley's case and a half dozen other liquor appeals, was read by Taft, who concluded with the single word "denied." There was no opinion.

Executive clemency now is the only recourse the Kentuckian has to prevent his serving the two-year term in Atlanta federal prison. Langley has been in poor health recently.

Langley was convicted after having been elected to serve his tenth consecutive term as the representative of the tenth congressional district.

Charge by Government
The government's charge was that Langley was involved in a conspiracy by planning to "prevail upon, influence and coerce" the federal prohibition director for Kentucky to approve the removal and sale of 1400 cases of whiskey from the Belle of Anderson distillery, located near Lawrenceburg, Ky.

Representative Langley holds law degrees from National, Georgetown and Columbia (now George Washington) universities. He was speaker of the house at a session of the state legislature; was twice a district delegate to Republican national conventions and once a delegate-at-large.

ITALIAN GROCER KILLED IN FEUD

SAN FRANCISCO, Jan. 11.—Frank Donatti, Italian grocer, died in a hospital here today, a half hour after he had been shot at his store, presumably by feudists. No signs of robbery were found.

Five shots had been fired at Donatti, three burying themselves in waistcoats behind the counter and two taking effect in his head and body.

The shots were heard by Daniel Conti, who thought they were reports from a backfiring automobile engine.

The murder was not discovered until Fred Boyan entered the store, 15 minutes later.

**Money Asked to
Build Dirigible**
WASHINGTON, Jan. 11.—A bill authorizing \$5,000,000 to replace the dirigible Shenandoah was introduced in the house today by Representative Butler, Pennsylvania, Republican, chairman of the naval affairs committee.

Butler said the bill was introduced to get the aircraft question before congress and announced that hearings on aviation legislation would be started by his committee "in the near future."

President Coolidge favors replacement of the Shenandoah.

Brother of Man Lincoln Defended Dies

SPRINGFIELD, Ill., Jan. 11.—John Armstrong, 77, brother of Duff Armstrong, whom Abraham Lincoln defended on a charge of murder and cleared him through the use of an almanac, was buried here today. The Armstrong case was one of the most famous with which Lincoln was connected as a lawyer. In a killing case in which the victim was clubbed to death, witnesses identified Armstrong as the murderer. Witnesses said they could see him clearly because the moon was shining brightly. Lincoln used an almanac to prove the night was dark and the jury acquitted his client.

BILL PROVIDES U. S. BUILDING FOR SANTA ANA

WASHINGTON, Jan. 11.—Congressman Swing has just introduced eight bills providing for the purchase of sites and the erection of public buildings thereon by the federal government. The cities selected were Santa Ana, National City, Calexico, Anaheim, Bishop, Fullerton, San Bernardino and Redlands.

It is not known here whether bills providing for the purchase of sites for post offices have any chance of passage this session. Recently, a bill for the provision of funds for building about 300 post offices on sites already bought were presented to congress.

In years gone by, since the war, the administration leaders have been upon any effort for the purchase of new sites excepting in cases that appeared almost mandatory. Congressman Swing has advised the local chamber of commerce hitherto that, while he has introduced the bill for a site in Santa Ana, he has done so only to have the bill on hand in case a policy allowing for the purchase of sites in cities situated like Santa Ana should be opened up by the administration.

DURANT INJURED IN TRAIN WRECK

SAVANNAH, Ga., Jan. 11.—Speeding through the hills above a special train, William C. Durant, millionaire automobile manufacturer, was enroute to New York today, following injuries received in a Florida train wreck Sunday.

The extent of Durant's injuries could not be ascertained.

Three negroes were killed and about 30 other passengers were injured when the Overseas Limited, northbound, crashed into Durant's private car, "The Patriot," which was attached to Florida East Coast train No. 36, at Titusville, Fla., Sunday.

Charge by Government
The government's charge was that Langley was involved in a conspiracy by planning to "prevail upon, influence and coerce" the federal prohibition director for Kentucky to approve the removal and sale of 1400 cases of whiskey from the Belle of Anderson distillery, located near Lawrenceburg, Ky.

ITALY BURIES MARGHERITA IN PANTHEON

Body of Queen Mother Is
Placed at Rest Near
That of King Humbert

NATION PAYS, TRIBUTE
Victor Emmanuel Marches
Behind Coffin As Cortege
Passes Through Streets

(By United Press)
ROME, Jan. 11.—For the second time within the span of a few weeks, a European king marched here today through lanes of sorrowing folk, behind the casket of his mother.

For Italy buried today its loved queen mother Margherita, "Pearl of Savoy," placing her body within the hallowed walls of the Pantheon to rest near that of her husband, King Humbert.

Queen Honored By All
Military and civilian honors marked her to the tomb. Her casket rested beneath the Italian tricolor, carried on an artillery caisson and honored by men like Mussolini, officers of Italy's armed forces, representatives of foreign nations—men and women alike—scientists and scholars, to say naught of the great masses whose names are inscribed on no rolls of honor.

Directly behind the casket, bowed of head, walked King Victor Emmanuel and the crown prince. And with them were others of royal blood. Streets along the funeral line from the station to the Pantheon were filled with men and women who, with heads uncovered, came to do their last homage to this regal woman.

Foreign Royalty Attends
Marching with the Italian royalty were also princes of the royal house of France, Bavaria and Greece—Victor Napoleon, Conrad and Christopher, respectively. A single wreath of violets, the gift of the king, adorned the casket on its journey to the Pantheon.

Above the funeral path, motors from 50 airplanes droned a monotonous requiem.

BANDITS CREMATE SIX ON PULLMANS

MEXICO CITY, Jan. 11.—Bandits, attacking a Guadalajara-Mexico City train at the Xerocote station, set fire to the Pullman cars and it is reported here that six passengers were cremated. The attack is believed to have been for the purpose of killing Gen. Jesus Ferreira, chief of military operations in the state of Jalisco, who was evidently thought by the attacking party to be aboard.

WASHINGTON, Jan. 11.—The state department has asked Dudley G. Dwyer, consul at Guadalajara, Mexico for information on the reported killing of Robert C. Russell, an American citizen, by a band of rebels in the holdup of a railroad train.

Burbank Would Annex to L. A.

LOS ANGELES, Jan. 11.—Burbank is the latest suburban city to seek annexation to Los Angeles. Application was made at a city council meeting today by Burbank citizens to circulate petitions calling for an annexation election. Burbank has a population of approximately 8000.

MUSEUM GETS COINS
LONDON, Jan. 11.—Fifteen hundred valuable Greek and Roman coins have been transferred to the British museum under the will of the late Richard Berry Seager, noted American archaeologist, who died in Crete last year.

WOMAN MAKES TORCH OF BODY; DIES IN FLAMES

(By United Press)
HAYWARD, Calif., Jan. 11.—Mrs. Clara Andrew, 55, was dead here today, successful in a third suicide attempt when she made of herself a torch by wrapping her nude body in oil-soaked newspapers.

Mrs. Clem Klaren, her daughter, said Mrs. Andrew had twice before tried to kill herself be-

Day in Congress

SENATE
Debate continues on Nye case.

Agriculture committee considers Norris resolution on Muscle Shoals and on Tennessee river power sites. Democratic tax plan presented to finance committee.

HOUSE
Expects to pass interior department appropriation bill. Agriculture committee considers farm relief.

Interstate and foreign commerce committee resumes rubber investigation. Appropriations committee considers war, navy and agriculture department bills.

TWELVE TRAGIC DEATHS OCCUR ON WEST COAST

(By United Press)
SAN FRANCISCO, Jan. 11.—Drowning claimed four of 12 sudden death victims on the Pacific coast over the week end, according to a United Press survey today.

The automobile as a death agency took only three victims, but was responsible for injury to 24 of 35 persons reported hurt. Of those injured, six suffered stab wounds, cuts and bruises in attacks.

The fatalities included: O. M. North, 58, and Betty Strand, 6, Inglewood, Calif., run down by automobile.

Toshiko Omura, 24, Japanese, Clearlake, Calif., drowned in irrigation ditch.

Unidentified man, thought to be J. Davies, San Francisco, drowned. Emil E. Peters, 24, and Joe Soppes, 31, Vancouver Barracks, Wn., drowned while duck hunting.

C. W. Pratt, Whittier, Calif., suicide by hanging.

Mrs. Margaret De Kemp, Bellflower, Calif., struck by Pacific electric train.

Horton R. Rosse, 72, Tacoma, Wn., run down by automobile.

Mrs. Sally Ortega, 24, Monterey, Calif., shot by James Randazzo, 24, William Stienbitt, San Anselmo, Calif., suspected poison liquor.

Robert Zimmer, 4, Pittsburg, Calif., burned in bonfire.

Water Damages Newspaper Plant

EL CENTRO, Jan. 11.—The plant of the Imperial Valley Press, afternoon daily here, was badly damaged by water as a result of fire in the Elks hall overhead.

Newspaper, files and records, and the presses were damaged by the water. Publication went ahead as usual, however.

The editorial rooms were partially wrecked by falling plaster. Damage from the fire was slight.

Urges Permanent Veteran Hospital

WASHINGTON, Jan. 11.—Proposal for a permanent veterans' bureau hospital at Tucson, Ariz., replacing the present temporary institution there, was made to the President Coolidge today by Senators Cameron, Republican, and Ashurst, Democrat, Arizona.

The new hospital, which has been recommended by the veterans' bureau, would provide about 600 beds, or double the present capacity of the temporary structures, at a cost of \$850,000.

Coal Conference Resumes Session

NEW YORK, Jan. 11.—Temper frayed by failures to reach agreement, despite a wealth of new proposals, anthracite operators and miners resumed conferences today, both sides apparently willing to recede somewhat from previous positions. As the tenth day of actual discussions began, the joint conference outwardly, however, was as deadlocked as ever.

Futures Trading Tax Is Annulled

WASHINGTON, Jan. 11.—The U. S. supreme court today held invalid that section of the futures trading act of 1921 which imposes a tax of 20 cents per bushel on privileges of options for grain contracts.

CONGRESS IN SIXTH WEEK OF SESSION

Many Important Matters
Nearing Climax in Meeting
of Legislative Body

(By United Press)
WASHINGTON, D. C., Jan. 11.—Congress has advanced its legislative program to a point where, as it enters its sixth week, probable action of many important matters is becoming apparent.

Some signs of a legislative jam have cropped up in the senate, but not enough to give alarm to leaders. The house is moving forward under its rigid rules with the passage of appropriation bills.

The status of pressing issues, which crowd the calendars of the respective houses, is as follows:

Tax reduction—The Democrats will submit to the senate finance committee their project for a \$500,000,000 instead of a \$325,000,000 tax reduction, including further reduction on surtax rates between \$22,000 and \$100,000 and abolition of all tax on admissions and dues and capital stock.

The committee will report the bill to the senate Thursday or Friday. It will be up in the senate next week.

Nye case—Debate resumed in the senate with a vote adverse to Nye expected tomorrow. Besides the regular Republicans who do not believe that Governor Sorlie had legal authority to appoint Nye, a half dozen Democrats, including Senators Walsh and George, will vote against Nye.

Far relief—House agricultural committee opened hearings upon the new Dickinson price stabilization proposal and the senate agricultural committee will start tomorrow on the general program for farm relief.

On Aluminum Inquiry.
Aluminum—Authorities of the department of justice and federal trade commission will appear before the Walsh committee tomorrow in further explanation of the delay in reaching a decision as to whether prosecution of Secretary of the Treasury Mellon's Aluminum Company of America, should have been begun long ago.

Railroads—The senate interstate commerce commission will hear Richard V. Taylor, Mobile, nominee of President Coolidge for membership upon the interstate commerce commission.

The committee already has heard the other nominee, Thomas F. Woodcock, New York. A report up on the nominations is expected before the end of the week and a bitter fight will ensue on the floor before they can be confirmed.

Senators Reed and Pepper, Republicans, Pennsylvania, will oppose the nominations, along with independent Republicans and Democrats.

World Court Sidetracked.
World court—There will be little debate this week and the subject will be shoved aside as soon as the tax bill is reported out. Prospects for a vote depend upon disposition of the tax bill, which will have the right-of-way, but a leader of the court adherents predicted there would be only 12 votes against it.

The house will continue the unsensational appropriation bills and the rubber monopoly hearing before the interstate commerce committee.

Former Student Held as Burglar

PORTLAND, Ore., Jan. 11.—Robert A. Parker, former student of the University of Southern California, now wanted for burglary by authorities in San Francisco, Oakland and Piedmont, Calif., was being held by Portland police today. He became known to Los Angeles police after his college days as the "prince of fences," and the "high-brow burglar." Parker admitted his identity.

MAN HAVING GRIP OF IRON SHOOTS WHEN HIT IN EYE

(By United Press)
PORTLAND, Ore., Jan. 11.—"Big Nick" Cleivich was one of those fellows with a handshake like a steel plate punch. He was glad to meet folk just so he could make them wince and squirm in his grip.

"Glad to meet you," he asserted again, and squeezed an unidentified individual's hand.

That person didn't submit, but, instead, boldly socked Cleivich in the eye. Cleivich drew a revolver to retaliate and in the scuffle George Kaick was shot in the leg, according to a story he told police.

Cleivich got away, but police are now seeking to put their grip on the big gripper.

MEXICO ASSERTS RIGHT TO ENACT OWN STATUTES

(By United Press)
MEXICO CITY, Jan. 11.—Mexico's first reaction to the American state department's note of objection to the new Mexican alien land and petroleum laws is that Mexico, as a sovereign state, can pass its own laws.

If these laws offend foreigners with property rights in Mexico, the Mexican courts are open to do justice to their complaints.

Foreign Secretary Aaron Saenz has made that clear

in statements bearing on the American note. The Mexican government replied in substance that the nation's courts are open to all, with justice to all. Mexico has also declared that she will take into consideration any objections which do not react against her sovereignty, though she feels that Mexico, as an independent nation, has the right to legislate on and regulate alien investments and property.

TIRE MAKERS ACT TO BREAK RUBBER PRICE

(By United Press)
NEW YORK, Jan. 11.—The breaking down of the British rubber monopoly is the hope and plan of the nation's leading tire manufacturers, whose representatives gathered here today to begin a series of conferences.

Some form for a combination of resources probably will be adopted in order to wrest from Great Britain control of rubber prices, which at this time is assured by regulations limiting the amount of crude rubber for export.

According to the delegates, no system of co-operation proposed so far has won unanimous support. One support which has found favor is that of pooling resources to establish and maintain rubber plantations in Sumatra and the Philippines. The Firestone interests already plan such developments in Liberia.

COLDEST WEATHER OF SEASON REPORTED

SAN FRANCISCO, Jan. 11.—California experienced the coldest weather of the season last night, when the mercury dropped within four degrees of freezing in San Francisco and below the freezing point in many other portions of the state, according to the U. S. weather bureau.

The only crops which could be harmed by extreme cold weather are citrus fruits in the Porterville-Lindsay district and in Southern California. No damage was done last night, however, because a heavy fog came with the low temperature. Should the fog lift and cold weather continue tonight, as predicted, damage might occur. To guard against this, growers are burning amudge pots.

RULING ISSUED ON MOVIE EXTRAS' PAY

HOLLYWOOD, Jan. 11.—Orders governing employment of women and minor "extras" in the motion picture industry arrived here today from the state industrial welfare commission.

The orders were adopted by the commission at a meeting in San Francisco, after a study of evidence gathered in the studios here by a corps of investigators.

An "extra" was defined by the commission as a woman or minor who is employed on a daily basis in the film business at a wage of \$15 a day or under.

The orders provide that all work for extra women, in excess of the standard eight-hour day, be paid for at not less than one-fourth of the daily wage, up to 10 hours.

Women who work 12 hours should receive an additional payment equal to one-half of the daily wage. The scale increases with the length of the hours worked.

It was ruled also that car fare must be paid the extras for reporting in "weather permitting calls." Transportation home must be furnished for women working after midnight, and meals and hot drinks shall be provided for all extra women required to work after 11:30 p. m.

Caveman Tactics Charged by Wife

LOS ANGELES, Jan. 11.—Lee Thurmond was a true descendant of the original caveman lover, according to a petition for divorce on file here today.

Thurmond's wife, Roberta, claims he did the following:
Knocked her down.
Heaved rocks at her.
Drew a gun and threatened to kill her.
Threw a rocking chair at her.
Blacked her eyes.
Threw sticks of wood at her.
Locked her out of her home.

"If that ain't cruelty I don't know what it is," Mrs. Thurmond testified. She got the divorce.

FROST APPEARS, BUT CAUSES NO CROP DAMAGES

(By United Press)
WHILE frost was in evidence here early this morning, but the temperature was not low enough to do damage beyond what was done by cold snaps earlier in the season.

According to E. E. Campbell, official weather observer for this vicinity, the mercury went down to 35 just before daybreak this morning.

While it is yet possible for a cold snap here, the time of extremely cold weather rapidly is slipping by. Records reveal that in past years weather sufficiently cold to do damage to citrus fruits has come before January 19.

ALL FARM LANDS DEVASTATED BY FLOOD

NOGALES, Ariz., Jan. 11.—According to telegrams received at the Southern Pacific railway office here from Ruiz, Nayarit, Mexico, a small station north from where terrible floods have been occurring all week, all farm land in the territory has been devastated, with probable loss of all life in the region.

A telegram containing information relative to the floods in Nayarit states that farm land of the Acaponeta and Santiago river valleys is laid waste. All crops, principally tobacco, have been destroyed, with all livestock perishing in the overflow that has changed the course of the Santiago river.

The Santiago river has changed its course from a southwesterly direction to a course almost due south.

Reports received by H. B. Titcomb, of the Southern Pacific, practically confirm the death toll of 400 persons. A colonel of the Mexican army, according to the dispatches, has crossed over the turbulent Santiago river and reports that between 800 and 1000 feet of Southern Pacific tracks have been washed out by the two rivers, with the main bridge at Acaponeta greatly damaged.

CLUB WATCHMAN; FLEE WITH SAFE

SAN FRANCISCO, Jan. 11.—Three bandits, who beat a watchman into insensibility and stole the safe from the steamer Daisy, on the waterfront were sought by authorities here and around the bay today.

William Marr, watchman aboard the vessel, was seriously injured and left unconscious on the deck. He received a fractured skull and 18 cuts on the head and body.

The Daisy is a lumber carrier on duty between this and other California ports.

Democratic Tax Cut Thrown Out

WASHINGTON, Jan. 11.—The senate finance committee by a strictly party vote of 10 to 7, today threw out the \$500,000,000 tax cut proposals of the Democratic minority and wrote into the bill the complete Republican schedule of normal and surtax rates, as passed by the house.

Senator Smoot, Utah, Republican, chairman of the committee, announced at the close of the morning session that the committee had approved the 20 per cent maximum surtax rate, the normal tax rates, the personal exemption increases of \$1500 for single men and \$3500 for heads of families as fixed by the house, the 12-1-2 per cent corporation tax, as determined upon by the house, and approved the publicity repeal feature of the income tax, as provided in the new revenue measure by the house.

MAN LIFTS 3502 POUNDS ON BACK

PORTLAND, Ore., Jan. 11.—Pat Shearer took a deep breath or two, then heaved his shoulders and lifted 3502 pounds on his back here yesterday, according to four witnesses of the Oregon Weight Lifters' association. They said it was about 300 pounds greater than the world's record lift for a man of 145 pounds or under. Shearer is 27 years old.

Two Killed By Police Officer

CLEVELAND, Jan. 11.—Two unidentified men, believed to have been bandits, were shot to death by Patrolman Daniel Candow, in a restaurant here early today, after they attempted to attack the officer.

20 VILLAGES WIPED OUT BY HIGH WATERS

Deluge in Nayarit Renders
1000 Persons Homeless,
With Food Need Urgent

SUFFERING IS ACUTE

Santiago and San Pedro
Rivers Overflow, Inundating Large Farm Area

(By United Press)
MEXICO CITY, Jan. 11.—Latest reports reaching here indicate that 20 villages have been wiped out by the recent floods in the state of Nayarit, caused by overflowing of the Santiago and San Pedro rivers.

While earlier messages spoke of an estimated 500 dead, some reports now place the dead as high as 700, while 1000 are estimated to be homeless and without food.

Suffering is reported intense and the need for aid urgent.

ALL FARM LANDS DEVASTATED BY FLOOD

NOGALES, Ariz., Jan. 11.—According to telegrams received at the Southern Pacific railway office here from Ruiz, Nayarit, Mexico, a small station north from where terrible floods have been occurring all week, all farm land in the territory has been devastated, with probable loss of all life in the region.

A telegram containing information relative to the floods in Nayarit states that farm land of the Acaponeta and Santiago river valleys is laid waste. All crops, principally tobacco, have been destroyed, with all livestock perishing in the overflow that has changed the course of the Santiago river.

The Santiago river has changed its course from a southwesterly direction to a course almost due south.

Reports received by H. B. Titcomb, of the Southern Pacific, practically confirm the death toll of 400 persons. A colonel of the Mexican army, according to the dispatches, has crossed over the turbulent Santiago river and reports that between 800 and 1000 feet of Southern Pacific tracks have been washed out by the two rivers, with the main bridge at Acaponeta greatly damaged.

CLUB WATCHMAN; FLEE WITH SAFE

SAN FRANCISCO, Jan. 11.—Three bandits, who beat a watchman into insensibility and stole the safe from the steamer Daisy, on the waterfront were sought by authorities here and around the bay today.

William Marr, watchman aboard the vessel, was seriously injured and left unconscious on the deck. He received a fractured skull and 18 cuts

TO EXPEDITE OCEAN
CROSSING BY PLANE

LONDON, Jan. 11.—Mail services between Naples and New York are to be expedited two days by the use of mail carrying seaplanes.

The big new Italian liner "Saturnia," it is said, is to be equipped with a launching platform for aircraft. When the vessel is still approximately 1000 miles from New York, a seaplane, with a load of special mail, will be launched from the deck. The plane will cover the 1000 miles in eight hours, representing a saving of about two days over the boat's time.

If the experiments with the mail prove successful, it is probable, it is said, seaplanes also will be used to expedite the arrival of passengers, on the basis, of course, of an additional charge over and above the regular steam fare.

Our Neighbors

POMONA—Revived with an interest and an enthusiasm which bids fair to carry it to an early culmination, machinery for trans-shipment of the rather unsightly strip of land between the Southern Pacific and Union Pacific railroad tracks from Gibbs street to the tower west of Main street, into a beautiful park is again in motion. At the same time, it was revealed that while little has been said, forces have been quietly at work on the project. However, it required the presence here yesterday of J. H. Burtner, agriculturalist of the Union Pacific railroad, to again bring the matter to the front.

PASADENA—More than 1000 birds will be shown by approximately 100 exhibitors at the sixteenth annual Pasadena Poultry show, which is to be held here from January 12 to 16. Entries have been made by exhibitors from as far north as San Francisco and as far south as San Diego.

LONG BEACH—Immediate steps are to be taken by the Long Beach Harbor commission toward erecting the new municipal wharf. Following a discussion of the early need for this wharf, the commission at its meeting authorized Harbor Superintendent R. G. McGlone to speed the plans he is having drawn for the first unit. Major McGlone estimated that with the addition of a draftsman, he could complete the plans in three or four weeks. He was instructed to take steps toward securing the draftsman and to make a complete report of the wharf needs at the commission's next meeting.

GLENDALE—Plans to establish a wide boulevard running from Filtridge on the east to Lankershim on the west were initiated at Verdugo City when the Honolulu Avenue and Tuna Canyon Improvement Association was formed, with F. P. Newport, well-

known real estate broker, as the president of the association. The proposed highway, which will have a width of 90 feet for the greater part of its length, will follow Honolulu avenue to Tuna Canyon, where it will branch through Tuna Canyon, following a 100-foot right of way to its western terminus.

ALHAMBRA—This city has 10,327 registered voters, according to figures tabulated at the city clerk's office. The latest count was made in connection with the check of the annexation petitions recently filed. There were said to have been more than 3400 signatures on these petitions, more than enough to secure an election. According to the law, signatures of at least one-fourth of the total voters must appear on petitions before an election is called.

CHINO—A park beautiful for Chino. This might well be the slogan for a campaign which probably will be inaugurated shortly by the Business Men's association of this city following the suggestion made by W. S. Reiley that a park superintendent be employed to devote his entire time to its upkeep and maintenance. It is believed that the \$1200 which such a man probably would cost the city would be money well spent. Mr. Reiley stated that he had talked with several of the business men about the idea following his suggestion to the council and that he had found them all heartily in favor of it.

SAN DIEGO—Suspension of three boys from San Diego high school on suspicion in illegal Greek letter fraternity activities was announced Wednesday by Glen O. Perkins, principal of the high school, who declared that more suspensions may follow and that the fraternity bottom. The suspension was verified by Supt. Henry C. Johnson and members of the board of education.

SAN BERNARDINO—Winds and warm weather, combined with the lack of rain, have created a possibility that San Bernardino national forest will be closed to the public this season. H. V. Beeks, executive assistant in the forestry office here, declared Wednesday that mountain highways alone might be open to motorists during the summer because of the great fire hazard. If the forests are closed to the public this season, government officials will be taking similar action to that which restricted use of some sections last year. It was announced as certain that other stringent regulations will be enforced this season because of the inflammable condition of the forests.

This map shows the constellations visible in latitude 35 degrees north at 9 p. m. January 1, 9 p. m. January 15, and 7 p. m. January 31, but it is practicable for any part of the United States or southern Canada as a change of five or ten degrees in latitude makes little difference in the appearance of the heavens.

At the time mentioned the well-known cluster of the Pleiades in the constellation of Taurus, The Bull, will be found on the meridian a few degrees due south of the zenith. A little to the southeast of the Pleiades is another famous cluster, The Hyades, which outline the forehead of The Bull in the form of a V with the red, first magnitude star Aldebaran marking its fiery eye.

Southeast of Taurus appears the magnificent constellation of Orion generally considered to be the finest constellation in the heavens and visible from all parts of the earth. The three stars of the second magnitude that mark the Belt of Orion, the row of faint stars below the Belt, which represent the sword of Orion, and the brilliant stars, Betelgeuse and Rigel, diagonally opposite one another in the huge quadrilateral that outlines the body of the warrior serve to distinguish this famous constellation from all others.

The fuzzy patch in the center of line of stars in the sword of Orion is the Great Nebula in Orion, the finest object of its kind in the heavens. The light of the Great Nebula and the stars associated with it takes about six and a half centuries to travel to the earth. As the velocity of light is 186,000 miles a second we find that this places the Great Nebula at a distance of four thousand million million miles or four thousand trillion miles.

Following close on the heels of Orion as he strides across the heavens face The Bull with uplifted club are Canis Major and Canis Minor. The Greater Dog and The Lesser Dog.

Sirius in Canis Major known popularly as The Dog-Star is the brightest of all the stars and is one of the nearest stars to the earth, its distance being less than nine light years or about fifty trillion miles. Procyon in Canis Minor, The Little Dog-Star, is also a near neighbor among the stars and one of the twenty brightest stars in the heavens.

Star-gazers will find the eastern heavens particularly brilliant and beautiful this month for seven stars of the first magnitude and many of the second magnitude are to be found in this part of the heavens.

In the southwest earlier in the evening, but setting before the hour for which our chart is given, is the planet Venus, by far the most brilliant object in the heavens. Venus has been a magnificent Evening Star for many months and reached its maximum brightness on January 2. It is now drawing close to the sun, however, and before the month is over will be lost to view in its rays.

Jupiter is too close to the sun to be seen this month and will pass from the evening to the morning sky on January 25.

The planet Saturn is in Libra and rises about two hours before the sun. Mars also is in the morning sky now and will be found a few degrees east of Saturn and northwest of the red, first-magnitude star Antares the first of January. It will pass eastward through Scorpio during the month.

TUSTIN

TUSTIN, Jan. 11.—Mrs. H. M. Robertson was hostess to the members of the Berean class of the Presbyterian church Wednesday afternoon. The meeting was held at the Robertson home on First street. Mrs. Hollis Lindsey, president of the class, led in the devotional services.

A report of the calling and membership contest which is being carried on by the club showed that the team captained by Mrs. Frank McInteer was leading. The Rev. W. S. McDougall gave a talk on the teacher training course which is to be started soon by the class members. Mrs. Dan Adams will be the hostess to the organization at the February meeting. A social hour, during which refreshments were served by Mrs. Robertson, closed the meeting.

Among those present were Mrs. George Allison, Mrs. Hollis Lindsey, Mrs. G. E. Hatfield, Mrs. John Dryer, Mrs. M. C. Pollard, Mrs. Frank McInteer, Mrs. Dan Adams, Mrs. C. P. Marshall, Mrs. J. W.

Elofson, Mrs. Emma Brackney, Mrs. Anna Wells, Mrs. Charles Whitney, Mrs. A. D. Turner, Mrs. F. E. Conover, Mrs. Bertha McMillan, Mrs. Ed King, Mrs. R. E. Carswell, Mrs. J. Harbour, Mrs. William Satterwhite, Mrs. J. W. Bradshaw, Mrs. Edith Holmes, Mrs. C. L. Hallett, Rev. and Mrs. W. S. McDougall and the hostess, Mrs. Robertson.

Mrs. Worth Alexander was the hostess to members of the Neighborhood club Thursday afternoon at the home of her mother-in-law, Mrs. James Alexander, of South Newport road. Games were played and refreshments served. Among those present were Mrs. J. D. Sanborn, Mrs. J. Jyakes, Mrs. R. East, Mrs. Eva Logan, Mrs. James Warner, Mrs. E. C. Pannell, Mrs. Chester Kenyon, Mrs. Melbie Bowman, Mrs. H. Flattery, Miss Eunice Flattery, Mrs. R. Bullard, Mrs.

James Alexander and Mrs. Worth Alexander, the hostess.

Mr. and Mrs. W. S. McDougall and daughter, Alice, accompanied by Mr. and Mrs. A. D. Turner, motored to Los Angeles, Thursday.

Mrs. L. A. Cook was the hostess Friday afternoon to members of the Aid society of the Presbyterian church at her home on D street. More than 30 members of the organization were present. Mrs. R. E. Carswell, Mrs. W. L. Leihy and Mrs. W. B. Risk were appointed on a committee to secure a water heater for the kitchen of the social room in the church. After the business session, a social hour was enjoyed, during which refreshments were served.

Boys of the local branch of the Y. M. C. A. enjoyed a dinner at the Presbyterian church Friday evening. Mrs. Frank McInteer, Mrs. W. S. McDougall and Mrs. Fred Comer assisted in serving the meal. The Rev. W. S. McDougall is the leader of the local Y. M. C. A. group. Following the dinner, games were played. Among those present were Teddy McInteer, Joe Craft, Stanley Reed, Vern Reed, Vernon Comer, Charles Betardes, Anthony Otero, Ralph Otero, Harry Holmes, Fred Cooper, David McDougall and Henry Thier.

Members of the Motherhood club will gather tomorrow afternoon at 3 o'clock in the kindergarten room of the primary building of the grammar school. Mrs. Frank Fowler, president, will be in charge of the meeting. A large attendance is expected.

Miss Anna Earney, of Los Angeles, spent the week-end visiting at the home of the Rev. and Mrs. W. S. McDougall.

Miss Charlotte Prichard was the guest of honor at a surprise birthday party given by Miss Alice Prather, Friday evening. Miss Prather was the hostess to a number of friends of Miss Prichard at a 7:30 o'clock dinner at Ketter's cafe, in Santa Ana. The event was in honor of Miss Prichard's seventeenth birthday anniversary. The dining room was decorated in pink, with bouquets of sweet peas setting the color scheme off to advantage. A large birthday cake was cut and with a silver compact by the guests. Among those present were the guest of honor, Miss Prichard; the hostess, Miss Prather; the Misses Ruth Tantlinger, Evelyn Whitmore, Louise Artz, Alice McDougall, and Charles Thorman, Ray Coffman, Donald Park, Truscott Lindsey and Marshall Lindsey.

Miss Thelma Artz was the hostess to a number of friends Friday evening at a 6 o'clock dinner. The affair was in honor of her birthday anniversary. Following the dinner, games were played. Those present included Miss Elizabeth McDougall, Lyle Kelly, Mr. and Mrs. C. F. Crawford, Franklin Holbrook and the hostess, Miss Artz.

Chandler's Furniture Service
Fills EVERY Requirement—of QUALITY and PRICE

—at the Main Store

—at the Exchange

THE STORE of Nationally Advertised and Recognized Homefurnishings—CHANDLER'S!

To warrant national advertising—and to be recognized nationally—an article must be not only of the ordinary quality, but it must be the greatest possible values.

The character of the furniture at Chandler's Main Store has always been such as to stamp this establishment the foremost in Orange county, in point of stocks and service.

Keep in touch with new (but enduring) furniture styles through Chandler's windows—the "eyes of the store." Come in anytime and make a leisurely inspection of the beautiful displays. Quality reigns supreme!

A Few of Chandler's Nationally Famous Lines

WITH the addition of the entire second floor of the Chandler Block, the Exchange at 512 North Main, now comprises over three times the floor space as heretofore.

Here price is the feature! It is Orange county headquarters for bargain furniture!

At all times you will find huge stocks of used furniture, odd pieces and close-out patterns taken from the Main Store—in fact, furniture and rugs of all description.

One cannot begin to realize the wide scope of stocks and the unusually low prices unless a visit is paid the Chandler Furniture Exchange. Every time you buy you get a bargain!

The two stores, each filling its particular requirement, and working hand in hand, form the most complete furniture service that it is possible to maintain. It means that stocks will always be new, modern, fresh at Chandler's Main Store, unmarred by obsolete patterns.

It means, also, that many of the best bargains in Southern California will be found at the Exchange.

"Yours for Quality—but always at the Lowest Possible Price"

Death Notices

A WORD OF COMFORT

The only title which will endure when your earthly career is ended is that of an honest man who has done his best. If your lot is hard, your "uncle" means a great accomplishment than if you had travelled a rose-strewn path. Do not quarrel or regret before the difficult days; they are your big opportunity.

YOCHE—At his home, 111 East Eleventh street, January 9, 1926, Joseph Yoch, aged 81 years. Funeral services will be held Tuesday, January 12, at 10 a. m. from St. Joseph's Catholic church. Interment Calvary cemetery, Los Angeles, at 12:30 p. m. Smith and Tutthill in charge.

Mr. Yoch has been a resident of Santa Ana for 35 years and is survived by his wife, Mrs. Katherine E. Yoch and six daughters: Miss Josephine Yoch, Mrs. S. S. Kelly, Phoenix, Ariz.; Mrs. T. G. Lewton of Boston, Mass.; Mrs. Redmond Barnett, Mrs. N. E. West and Miss Florence Yoch.

HANSEN—At her home in Laguna Beach, January 9, 1926, Mrs. Florence Peet Hansen, aged 59 years. Notice of funeral will be given later by Smith and Tutthill.

COATS—At his home, 820 East Second street, January 9, 1926, Rev. A. S. Coats, aged 80 years. Funeral services will be held Tuesday, January 12, at 11 a. m. from Smith & Tutthill's chapel. Interment Fairview cemetery, Rev. Otto Russell, of the First Baptist church officiating.

CARD OF THANKS

We wish to express to our friends and neighbors our sincere thanks for their expressions of sympathy at the death of our mother and grandmother, MR. AND MRS. F. S. KELLEY AND FAMILY.

MRS. AND MRS. E. M. BRADLEY AND FAMILY.

Special meeting of Silver Cord Lodge No. 505, F. & A. M., Tuesday, January 12, at 7:30 p. m. Work in E. A. degree. In charge of Junior Warden. Visitors welcome.

Correct Clothes To Meet The Obligation Of Every Occasion

HOW TO CHANGE YOUR FACE

Do you ever get tired of yourself? Do you sometimes face your reflection in the mirror and feel tempted to yawn like the Grand Canyon of Arizona, because the same old features with the same old expression grin or glare back at you in the same old way? La Rochefoucauld said, "We often boast that we are never bored, but yet we are so contented that we do not perceive how often we bore others." Of course, you can't change your face, but your hat can. It may give you a slightly or completely different look. Attempt, for example, the experiment of substituting a derby if you have been accustomed to wear a soft hat. You will be astonished at the transformation it effects in your appearance. In no article of dress are men so encrusted with the stucco of habit as in the choice of their hats. Week in and week out, yes, even year in and year out they keep on the same sort of headwear while envying others who change frequently and, thus, enjoy the spice of variety.

A hat makes so great a difference, because it goes next to one's face and so, becomes one-and-indivisible with one's cast of features. You think of the late President Roosevelt instinctively and inevitably, in a soft hat. You picture President Coolidge, instinctively and inevitably, in a silk hat. Visualize in your mind's eye half-a-dozen of your acquaintance and you will, just as instinctively and inevitably, associate them with a certain type of hat only.

Americans do not wear cloth hats to anything like the degree that they are worn in England with its "pea soup" weather. Yet, this sort of hat is admirable both for a pleasant change-off from felt headwear and for its practical advantages. The cloth hat, for instance, is an excellent rainy-day covering, because it is virtually beyond harm from wetting and does not lose its shape. It dries quickly and does not become heavy and sobby. Then, too, it saves more perishable hats.

Quite aside from this, however, the cloth hat is an indispensable article in the wardrobe of the gentleman-sportsman. It is the ideal field and country hat. It looks rugged and picturesque. It has the true knockabout air. Such a tweed or homespun hat is sketched here in plaid patterns. Often, a Tyrolean feather is thrust rakishly into the bow. The proportions of this hat should not be as large as those of felt headwear. The accompanying plaid cashmere muffler is a spruce and seemly touch.

The Cheerful Cherub

People are blind who strive too hard
To climb to some prize above—
The simplest thing in the world is joy,
And the nearest thing is love.

Fraternal Calendar

Daughters of Veterans—Will hold installation in G. A. R. hall, tonight, 8 o'clock. All members of the post are asked to attend.

R.—Will meet at G. A. R. hall, January 13, at 2 p. m., for regular business meeting and installation of officers.

Local Briefs

The annual meeting of stockholders of the Ulmer Machinery company will be held at 2 p. m. today at the company's office, 322 South San Pedro street, Los Angeles, it was announced today by Al Martin, secretary.

W. J. Vander Bruggen, proprietor of the Santa Ana Plant company, 211 East 20th street, returned today from a trip through the bulb fields of Southern California. He was accompanied by A. Van Zonneveld, a Dutch bulb grower and exporter.

A mission will be given at St. Joseph's Catholic church beginning next Sunday at 10 a. m., the Rev. Father D. J. Moriarty, O. M. I., officiating. The mission will last a week and promises to be full of interest, not only to Catholics, but to non-Catholics, who are invited to attend the services and hear the sermons. Father Moriarty is the director of missions for the Oblate Fathers, who are located at San Fernando. Services will be held each day at 8:15 a. m., 2 p. m., and 7:30 p. m.

Arrivals at Hotel Santa Ana include Joe Wong, Los Angeles; Fay Adler, Los Angeles; C. S. Seymour, Long Beach; H. Rapp, Los Angeles; W. E. Simpson, Porterville; William H. Nelson, Porterville; William Coffey, Santa Barbara; P. H. Alley, Bakersfield; Willma Mishler, San Francisco; E. A. Newman, Grand Canyon, Ariz.; A. M. Doster, San Diego; C. C. Bechler, River-

RUG BURGLAR BELIEVED TO BE MUSICIAN

Is Orange county's "rug burglar" a musician?

Apparently so, sheriff's officers now believe, following a report filed by Robert B. Weibrecht, Handy and Walnut streets, Orange, yesterday, that his house had been entered by thieves and, besides two rugs, a cello, valued at \$200 and a violin, valued at \$50, had been stolen.

The robbery occurred sometime during the first five days of the month, according to the report. The Weibrecht family was away from home and did not know of their loss until they returned yesterday.

One of the rugs taken was a bear skin, and the other a 9 by 12 Wilton rug. A Hoover cleaner also was removed from the home. Efforts to trap the "rug burglar" have been futile. With every available man working on clues left by the intruder, by far the most successful burglar to operate in the county in years, no stone has been left unturned in an effort to run him down, but so far little is known of him, officers admit.

Police News

Charged with being drunk, A. Dominguez was arrested at 2:15 a. m. today by Officers Ballard and Yates. He was lodged in the county jail.

E. W. Coxwell, 35, is in the county jail, facing a charge of possession of intoxicating liquor, following his arrest yesterday afternoon by Officer Adams. The man is said to have had a small amount of alleged liquor in his possession.

George Volte, 20, and Arnia Kangs, 18, were arrested Saturday night by Officer James Murray, when he found them wandering about the street. They were placed in jail and a charge of vagrancy was filed against them.

Dewey Kuehl, Salvation Army home reported to police yesterday music stand and a leather case was stolen from the home yesterday afternoon.

Police made a search for a "Peeping Tom" in the vicinity of 519 West Tenth street Saturday night, following a complaint received from that address, but could not locate the man. They were given a good description of the intruder.

A Ford truck, owned by John D. Graham, 1079 West Second street, was stolen from that address Saturday night, according to a report filed with the police. The car has not been found.

To spend five days in the Orange county jail on a charge of speeding, G. H. Burnett, Los Angeles, was admitted last night to the bastille.

James Laque, 20, La Habra, was brought to the county jail last night by Leo Martin, city marshal of La Habra. The man is charged with possession of intoxicating liquor.

QUARANTINE RACES

LONDON, Jan. 11.—Several countries have been quarantined and a number of racing meets and hunts cancelled because of an outbreak of foot-and-mouth disease. Cattle breeders are demanding prohibition of importation of hay and straw.

side; Mr. and Mrs. W. H. Hall, Oklahoma City; Mr. and Mrs. Conde, San Francisco; Mr. and Mrs. Jon Teahan, San Francisco; Robert W. Mosher, San Diego; Mr. and Mrs. I. M. La Mar, Bakersfield; Mr. and Mrs. John H. Morrell, Los Angeles; Mr. and Mrs. J. O. Oliver, San Francisco.

Prominent among yesterday's arrivals at Hotel Santa Ana was Baron M. Tausen, an Austrian nobleman and artist of considerable note. Baron Tausen is enroute from New York to San Francisco, where he maintains a studio.

Mrs. A. E. Stewart, prominent clubwoman and social leader, of New York City, and her daughter, Miss Ethel Stewart, arrived here yesterday and registered at Hotel Santa Ana. Mrs. Stewart is the widow of the late A. E. Stewart, who was president of the New York and New Jersey Produce company. The Stewarts, recently returned from an extended trip to Europe, came to California via the Panama canal. They are on their way to Honolulu and the Orient, whence they will proceed to Australia.

Among those registered at St. Ann's Inn are George S. Pickrell, San Diego; Mr. and Mrs. Egerton Stone, Los Angeles; S. C. Breder, San Diego; Mr. and Mrs. W. E. Flanagan, San Francisco; Willis D. Stanton, Los Angeles; Miss Octavia Lesneur and Miss Florence L. Gower, Burbank; Emory Brown, Burbank; Lucile Council, South Pasadena; Florence Yoch, South Pasadena.

Postmaster T. E. Stephenson called attention today to the fact that anyone desiring to bid on carrying the mails between Santa Ana and Westminster, Santa Ana and Balboa and Santa Ana and Laguna Beach must have their bids in the hands of the Fourth Assistant Postmaster General, Division of Rural Mails, Washington, D. C., not later than January 19.

Stockholders of the First National bank will meet in annual session at the bank tomorrow at 9 a. m., to elect a board of directors and to transact any other business that may properly come before the meeting.

The Colorado State Society of Long Beach, will hold its midwinter picnic at Bixby park Sunday, January 17.

Phone for Groceries, we deliver free, Anderson's, 205 E. 4th.

BARBECUE TO MARK START OF ROUNDUP

With a barbecue and a regular wild west time, the Y. M. C. A. roundup will start out tonight for a two weeks' effort to fill up the membership of the association, Secretary Ralph C. Smedley announced today.

Twenty-eight teams, of six men each, have been organized for the work, so that 168 workers are to be in the field, rounding up the "strays" and the "mavericks," and bringing them in to be "branded" as members.

Judge P. C. Drumm, as "Big Boss," will preside at the meeting of the force tonight and will sound the keynote of the roundup. Various entertainment stunts have been planned.

Beginning tomorrow morning, the teams will start out to bring in the 338 new members that have been agreed upon as the goal for the campaign.

MERGER PLANS WILL BE LAID BY DIRECTORS

Plans for effecting a consolidation of the Manufacturers and the Merchants' association with the Orange County Credit association will be discussed at a special joint meeting of the two directorates, set for this afternoon, in the offices of the credit association, located in the First National Bank building.

Such a movement has been endorsed by the new board of directors of the Merchants and Manufacturers' association, it was announced. It also was added that the proposition is favorably entertained by the directors of the credit association.

If an agreement is reached at the meeting set for this afternoon, immediate steps will be taken to dissolve the credit association and reorganize the M. and M. to handle the work of the former.

INSTALLATION IS HELD BY REBEKAHS

New officers of Sycamore Rebekah lodge were installed Saturday night in the Odd Fellows' hall with impressive ceremonies. The installing officer, Miss Elizabeth Mang, and her staff, all of Anaheim, putting on the ritualistic work in faultless manner, bringing forth many compliments from the 250 members and visitors from the various jurisdictions. Present also was Fred Hart, of Orange, deputy grand master for the subordinate Odd Fellows lodges.

Following the installation ceremonies, members and visitors were called upon for speeches and gifts and flowers were exchanged among the outgoing and incoming officers.

Delicious refreshments of chicken salad, wafers, coffee and cake were served in the dining room, the prettily appointed tables being decorated in pink and white, sweet peas, ferns and candles in the prevailing tones.

The new corps of officers is as follows:

Past noble grand, Stella Henderson; noble grand, Eleanor Adams; vice grand, Bess McDonald; recording secretary, Ruby Greeley; financial secretary, Kate Clark; treasurer, Lula Davis; R. S. N. G., Emma Chandler; L. S. N. G., Esther Gardner; R. S. V. G., Florence Crawford; L. S. V. G., Bess Stovall; chaplain, Inez Baker; outside guardian, Mary Bishop; inside guardian, Edith Nelson; wardens, Jessie Overton; conductor, Elizabeth Curtis; R. A. S., Clara Cooke; L. A. S., Nan Aherns; musician, Mildred Aken; banner bearers, Mesdames Prevost, Moore and Smith; drill master, Roger Labadie.

Woman Slightly Hurt In Accident

Mrs. C. A. Day, 273 North Harwood street, was slightly cut about the head at 5 p. m. Saturday, when the automobile, in which she was riding with her husband, collided with a machine driven by C. R. Ford, Olinda, at El Portal and North Main streets, according to a report on file at the police station. No one in the Ford machine was injured. Mrs. Day received medical attention and was removed to her home.

Court Notes

Seeks Cattle Possession

Manuel Vish was plaintiff today in a suit filed in superior court against Manuel Ramos, asking possession of 26 head of dairy cattle and certain dairy equipment, which, it is claimed, Ramos unlawfully holds. Vish also wants \$100 damages. Attorney Leland S. Davidson, of Ontario, represents him.

Bank Files Suit

The First National bank, of Garden Grove, today filed suit in superior court against Mr. and Mrs. Grover C. Deakins, to foreclose a \$258 mortgage against property in Santa Ana. Attorney H. C. Head represents the bank.

Newcomb sells Volck spray.

WRITES THANKS FROM VENICE

People who suffered from serious diseases that started with a simple cough or cold realize the importance of checking them right at the start. W. H. Gray, Venice, California, writes, "Foley's Honey and Tar is wonderful for attacks of coughs and colds." Foley's Honey and Tar Compound gives quick relief from coughs and colds. Buy a bottle today and keep it on hand for the slightest emergency. Satisfaction guaranteed. Sold everywhere.

They look alike—but they're "no relation"

By Citrus Cy—"the Goodyear Guy"

Except in tread design, all tires look about alike. They are about the same in size, weigh the same and feel the same. They all have beads and sidewalls and tread. They're all made of fabric and rubber.

But looks is stopping point of resemblance.

That's why you can't judge tire performance by looks on the dealer's rack.

Buy your tires by experience and reputation.

That is why we sell Goodyear tires.

In our experience, Goodyears are the most satisfactory tire for the consumer, and so the easiest to sell.

We have the tire you want at the price you want to pay.

Cross-Roads of Life

There are many cross-roads on the journey through life. Soon or late, we all have to answer the question: "Which road shall I take?"

Often these are moral or spiritual questions. Sometimes we choose wrong. It may be ignorance, indifference, or the folly of sheer bravado that affects our decision and determines our fate. Whatever it is, we invite disaster if we fail to heed the warnings, the guidance and friendly counsel of those who have already traveled that road.

The thrilling narratives of human experience in True Story Magazine are printed for the guidance of men and women, boys and girls everywhere. Each story is a dramatic, heart-gripping thought-compelling, recital lifted right out of life itself. There are 17 big features in the February issue. Buy it today.

WOMEN HURT WHEN COUPE OVERTURNS

Mrs. C. M. Cowen, 205 East Center street, Bellflower, suffered a fractured skull and Mrs. Charles Swigart, of the same address, suffered severe cuts and bruises, when the small coupe in which they were riding with George Zark, of route 2, Anaheim, overturned on a sharp curve one mile north of Villa Park, yesterday afternoon.

Mrs. Cowen and Mrs. Swigart were rushed to the Anaheim hospital after receiving medical attention. According to reports from the sanitarium, Mrs. Cowen will recover.

The Zark machine is said to have been forced off the highway by another machine.

RELIGION TOO LATE TO SAVE MAN FROM CELL

Religion came just too late to save Frank LaValle from prison. Just after he had been sentenced to Folsom today for a term of five years to life for first degree burglary, LaValle, who has a long criminal record, told Superior Judge Z. B. West that, since his last arrest, he "has accepted God."

"Liquor caused my downfall and was responsible for each crime I committed. So help me God, I'll never take another drink," he declared.

LaValle waited until his plea for probation had been denied and his sentence pronounced before announcing his religious conversion. On the strength of it, he asked the court to recommend the minimum sentence to him.

"So that I'll have a chance to show you that there is really something here in my heart," he begged, as he broke down and wept.

But his pleading was futile, for the judge had no power to grant his request, and little disposition to do so, he indicated as well.

"The prison board may give your plea some consideration, but I'm inclined to doubt it," Judge West told LaValle, who was convicted of committing burglary at a house in Fullerton, the climax of a long series of criminal offenses in this state and Colorado.

"That's a hard thing for one man to have to say to another," the court added. "I feel sorry for you, LaValle. I feel more sorry for that babe of yours out there in the courtroom, and your wife. But I'm not responsible. I can't help your plight."

LaValle was found guilty of entering a residence, occupied by Miss Laura Collins, in Fullerton, while the girl was alone in the house. At his preliminary hearing, LaValle sought to make the defense that the girl had invited him into the house, and hinted at love-making. At his trial, however, when he had an attorney to defend him, this line of defense was abandoned.

INSPECTOR OF BUILDINGS AT PASADENA OUT

PASADENA, Jan. 11.—C. B. Bucknall, Pasadena building inspector, was permanently suspended Saturday by City Manager R. V. Orblison, following report of a special committee investigating the grandstand crash here New Year's day. The committee decided that overloading of the street stand and failure to properly inspect the structure were indirectly the cause of the tragic collapse.

A. C. Shaver, superintendent of the Pasadena building department, also was removed from office and relegated to the job of plumbing inspector. The city manager ordered complete reorganization of the building board, and recommended Shaver on the commission. Shaver is a plumber by trade.

Dr. F. W. Hodgdon, city health officer, was severely reprimanded for "attending the football game instead of performing his duties at the emergency hospital," where most of the more than 100 victims of the crash were taken. Dr. Warren was appointed as health officer for full time, to remain on duty at the emergency hospital. Dr. Hodgdon will continue as health officer, on part time duty.

CLOTHING LOOT FOR ANAHEIM BURGLARS

A large amount of clothing, a pistol and other articles were stolen from the home of L. J. Barnes, Romannega drive, Anaheim, last night, burglars who entered the house shortly after 11 o'clock, according to a report filed today with Sheriff Sam Jernigan.

Three suits of clothes were stolen, together with two pairs of shoes, six new ties, a phonograph and 50 records, eight shirts, a tennis racket, four boxes of gun shells, six flashlight batteries, a sheep skin vest, pistol and two baseball gloves.

Sheriff's officers today investigated the robbery.

CARLSON TO GIVE Y. M. C. A. COURSE

Dick Carlson, who has been heard locally by many persons during the last year in his lectures on salesmanship, will start a new class at the Y. M. C. A. at 7:30 Wednesday night when he presents his illustrated lecture on "The Game of Life." It was announced today by association officers.

Last January, Carlson was brought to Santa Ana by the Y. M. C. A. educational committee for his first course, which was so well received that he was called upon to repeat it in the fall. So many persons were unable to arrange their time to take the course in the fall that arrangements have been made for Carlson to give the additional course beginning this week.

As this will no doubt be the last time that the course will be offered here, it is important that all who are interested should get into it at this time.

In addition to the course in salesmanship, there will be a supplementary course in memory training given by R. C. Smedley, using the Roth memory system.

The public is invited to attend the lecture Wednesday night, which is open to men and women, free of charge. It was explained.

Merry Group Gathers For Enjoyment of Bridge Evening

MISS PRISCILLA ALLEN, charming Pasadena girl who has the attractive little bungalow in connection with the Jay C. Hamill home on North Main street, for the school year, was hostess Saturday evening to a lively group of friends, assembled at the Hamill home where her entertaining was staged.

Bridge, enlivened with much merry conversation, made the evening hours fly. As something unique is always expected at the Hamills it occasioned no great surprise when a true Cinderella contest was introduced, and Miss Betty Newlands was found to be the fortunate member who could wear the disputed slipper.

As the midnight hour drew near, Miss Allen led her guests to the dining-room where the table was lovely in yellow tones and lighted by tall candles, hand-decorated in yellow. Places were found by dainty cards, each bearing a small paper to harmonize with those in the center of the table, and even the refreshments stressed the candle motif, the salad especially, simulating a lighted candle to perfection. Mrs. Hamill and Miss Marie Hamill assisted Miss Allen in her pleasant hostess duties.

Sharing the enjoyment of the evening were the Misses Prudence Macomber, Kathleen Owens, Peggy King, Maurine Hamill, Betty Newlands, Agnes Shambaugh, Janey Wilde, the hostess, Miss Priscilla Allen, and her guest, Miss Lucille Tobin of Los Angeles.

W. B. A. OFFICERS HERE INSTALLED

A pot-luck dinner was enjoyed last week by the members of Santa Ana Review, No. 7, Women's Benevolent association, in the Modern Woodmen hall.

The long tables were prettily decorated with poinsettias. During the dinner, the bouquets of pink sweet peas and ferns, presented by the retiring commander, Mrs. Anna Towner, to the incoming commander, Mrs. Dixie Weekly, and Mrs. Margaret Erickson, in charge of the secret work of the order, augmented the table decorations.

Following the dinner, the regular business meeting was held, during which the new officers were installed by Mrs. Doria Jasper, deputy grand commander, assisted by Mrs. Olive Lopez, lady of ceremonies. When Mrs. Anna Towner was placed at her station as past commander, she was presented with a bouquet of pink sweet peas and baby breath from the review.

The following make up the new corps of officers:

Past commander, Mrs. Anna Towner; commander, Mrs. Dixie Weekly; lieutenant commander, Mrs. Pearl Nelson; collector, Mrs. Margaret Culver; lady of ceremonies, Mrs. Margaret Erickson; chaplain, Mrs. Dora Spangler; lady-at-arms, Mrs. Ivy Olson; sergeant, Mrs. Cora Wood; sentinel, Mrs. Beatrice Hossler; picket, Mrs. Hattie Peters; musician, Mrs. Etta Erickson; color bearers, Mrs. Doria Jasper, Mrs. May Curtis, Mrs. Mary Callahan and Mrs. Florence Semmerville.

DRUNK IS GIVEN 50-DAY SENTENCE

Charged with being drunk, William Strauss, 21, West Anaheim, was given a sentence of 50 days in the Orange county jail, when he appeared today before Justice Kenneth Morrison. He was arrested yesterday by Deputy Sheriff Dan Adams and Orla Moncrief.

G. O. Dysart, Pasadena, and F. J. Hartman, 31, arrested yesterday near Los Alamitos by Ed McClellan, chief criminal deputy sheriff, on drunk charges, each were fined \$25 today in Justice Kenneth Morrison's court. Dysart said he merely was trying to celebrate Christmas.

Both men paid their fines.

Card Party Plans Told By Current Events Section Members

IF the date of January 19 drawing near, members of Ebell first current events section find interest growing daily in their plans for an evening card party to be held in the big banquet room at the clubhouse.

The affair promises to be one of the most interesting of the many social activities of the section, and will probably add more to the treasury than anything yet attempted by the indefatigable young matrons who comprise the section membership. When plans for an evening of cards were first announced, many hostesses saw an opportunity to entertain a few friends in informal fashion and immediately planned to reserve a little group of tables. Others are going in groups of four, and scores of bridge or 500 enthusiasts will go alone or in couples, leaving table arrangements to be made upon arrival at the clubhouse.

Playing will begin at 8:30 o'clock and both bridge and 500 will be played. Miss Louise Tubbs, Mrs. C. V. Doty, Mrs. C. H. Lurker and Mrs. Norbert Lentz have the cards and table arrangements in charge while Mrs. Ray Townsend will supervise the choice of prizes. Refreshments will be an important part of the evening's hospitality and will be planned under the direction of Mrs. John Estes Jr. and Mrs. George Osterman.

Reservations for the evening may be made at once through any member of the section or those committee chairmen named.

Hostess Greets Many Old Friends

Mrs. Frank Koss of the Ebell apartments, 615 French street, was genial hostess yesterday at a reunion of old friends at a faultlessly served dinner at one o'clock. She used for her artistic decorations sweet peas and potted plants.

The afternoon hours were happily passed in a social way, those participating being Mr. and Mrs. Charles Davis and daughter, Ruby, Mr. and Mrs. Ed Thompson and son, Melvin, all of Long Beach; N. G. Snyder, his grandson, Elton Murray, and Mrs. Will Durkee, of Fremont, Neb.; Mrs. Jennie Durkee, Mrs. D. G. Golding and Mr. and Mrs. Ray Snyder, of Santa Ana.

WOMEN JAILED ON VAGRANCY CHARGE

Three women, of Alamitos, are in the county jail, charged with vagrancy, and two men also are being held in jail following a raid on a house in the bay city Saturday night by Ed McClellan, chief criminal deputy sheriff, and several deputies.

The women, Josephine Roche, 24, Julia Ortiz, 21, and Antonia Rodriguez, 26, will be given hearings before Justice Kenneth Morrison today.

J. C. Castorena, 22, one of the men, is being held on a charge of possession of intoxicating liquor, a pint of alleged whiskey, said to have been found on his person, when officers found him in the house.

The other man, Jim McCork, is booked on a charge of violation of the California motor vehicle act, state's officers claiming they wanted him here on a charge of failing to appear in answer to a ticket given him on the road.

Chaplin Chauffeur Gets Speed Ticket

Harry Boille, 7062 Sunset boulevard, chauffeur for Sid Chaplin, moving picture star comedian, faces a five-day stay in the Orange county jail, following his arrest Saturday night on the San Diego highway, near El Toro, by F. G. Yoder, state officer, who booked Boille as speeding 55 miles an hour.

"Did you think we were going that fast?" Chaplin asked Yoder, from the back seat.

Boille was told to appear here Friday.

Details of Weddings In Late December Yield Interest

Wells-Dunwoody
To Mr. and Mrs. M. O. Wells of 410 West Second street, have come the details of the wedding of their only son, Earl O. Wells, to a lovely southern girl, Miss Elizabeth Dunwoody, on Christmas day at a family party at the home of the bride's parents, Prof. and Mrs. Marion F. Dunwoody, of Pineville, a suburb of Alexandria, La.

The betrothal of the two young people has occasioned keen interest in college and social circles of the south where both Mr. Wells and his bride are well known. The wedding was a very quiet home affair, celebrated in connection with a family gathering on Christmas day at the Dunwoody home on College Hill, Pineville. The young couple took their places before the Christmas tree whose softly brilliant lights illuminated the scene. The service was read impressively by Dr. J. E. Brakfield of the faculty of Louisiana College where both Mr. and Mrs. Dunwoody are members of the faculty in connection with the conservatory of the college.

Mr. Wells and his bride enjoyed a week of motoring through Louisiana and Georgia, following the ceremony, and returning to New Orleans, took possession of their pleasant new quarters at 1543 Exposition boulevard, that city. Mr. Wells, a graduate of Georgia Institute of Technology, and a member of Delta Sigma Phi, is chief chemist of the Coca Cola company of New Orleans and has charge of the laboratories there.

His bride, who like himself, is an only child, is a graduate of Washington Seminary and a member of Alpha Delta Phi. She is now a sophomore at Newcomb College and will continue her studies in preparation for the degree of bachelor of design.

Reynolds-Morrison
Now that they are established in a cozy little home at 711 East First street, Mr. and Mrs. John H. Reynolds are disclosing details of their quiet wedding on December 31, which was planned as a surprise to their friends.

Mrs. Reynolds was formerly Miss Roselyn Morrison, daughter of Mr. and Mrs. H. M. Morrison of 1120 East Washington street. The wedding vows of the young people were taken before the Rev. Otto S. Russell, pastor of the First Baptist church, at his parsonage home. Mr. Reynolds is one of Iowa's numerous sons who have chosen California as their other home, and is connected with the T. F. Ham Produce company.

ANNOUNCEMENTS

Ebell's fifth economic section will meet Tuesday, January 12, at the Santa Ana country club for a one o'clock luncheon. Mrs. Hugh Shields and Mrs. N. H. Hilton are to be hostesses. Those unable to attend are requested to call Mrs. Hilton at 2835-W.

The women of St. Anne's parish will give a card party tomorrow afternoon at two o'clock in Knights of Columbus hall, to which they invite all of their friends.

Three Hostesses Give Pleasure to Large Guest Group

ENTERTAINING at quite one of the largest functions of the season when they presented a bridge luncheon for some 200 of their friends, Saturday at St. Ann's Inn, Mrs. Edward M. Nealley, Mrs. Robert Northcross and Miss Jennie Lasby at the same time contrived to give that effect of friendly charm which is usually confined to smaller and more intimate affairs.

Luncheon was served at 1 o'clock in the main dining-room of the Inn where seating arrangement was most informal, the guests gathering in congenial little groups around tables arranged for four or perhaps a half-dozen. A general effect of springtime prevailed, with each table adorned with yellow candles, rising from fluted yellow roses, or from quaint old brass candlesticks. As a musical background during the luncheon interval, was the program rendered by a new Brunswick Panatrope, placed in the foyer of the Inn by the Horton Furniture company.

As the guests returned to the big lobby where, in the meantime, card tables had been arranged, they selected tally cards from a tray just within the door, and sought their places for an afternoon of bridge. When scores were tallied at the close of the contest, the three hostesses were assisted by two youths, Robert Northcross ("Bob Jr.") and his friend, Fred Humiston. Mrs. Northcross explaining that where there were no daughters in a home, it was with decided pride and a mother called upon a son to assist in social duties. The presence of the two lads was but one of the many features of the affair which lent it the pleasant intimacy commented on.

Mrs. Addie Collins was fortunate holder of high score and received a round-throw linen bridge set of lunch cloth and napkins. Second high score having been made by Mrs. I. F. Landis, she was presented with a platter and bowl of china bearing the famous willow design, while the consolation gift was also designed for household use, a handsome silver hot dish mat and was presented Mrs. C. H. Lurker.

Ebell Travel Section Gives Annual Party

The annual banquet of Ebell's second travel section was held at the clubhouse one evening last week with huge success. The tables were beautifully decorated with designer and poinsettias that helped to carry out the holiday menu served by the hostesses, Mesdames W. Anderson, C. F. Crose, S. M. Dearing, E. C. Nelson, Wheeler, Dr. Estelle Workman and Miss Mary Taylor.

There was a delightful musical program presented by Mrs. Theo Winkler, Mrs. Mit Phillips and Mrs. E. B. Burns. Mrs. Phillips sang "I Got the Mumps," Mrs. Winkler sang "When Irish Eyes Are Smiling" and Mr. and Mrs. Mit Phillips sang a lively little ditty entitled "Johnny Smoker." Mrs. S. M. Dearing gave a Christmas reading that was delightful.

After the program was completed a number of interesting games were played by the members of the section, their husbands and other guests who included Mr. and Mrs. S. W. Stanley, Mrs. W. H. Harrison, Miss Archer, Mrs. V. A. Kennedy, Mrs. A. C. Black, Mrs. C. T. Wells, Miss Louise Montgomery, Miss Gertrude Montgomery and Miss Octavia Goldworthy.

Spanish Motif Adds Color and Charm To Luncheon

LL the colorful charm of old Castile seemed to pervade the Ebell clubhouse late last week when three members of the fourth household economics section of Ebell society, presented a Spanish breakfast for the group.

Mrs. Norbert E. Lentz, Mrs. S. I. Preble and Mrs. C. H. Lurker comprised the hostess group and welcomed their guests in the section rooms, garbed in pretty costumes of Spanish senoritas.

The patio was the scene of the luncheon, and presented a lovely sight with baskets of vari-colored flowers to add to the brilliancy of green grass and colorful tables. Each table had a bright tinted lunch cloth, and was arranged for four persons, with napkin in different tint for each one. The use of scarlet geraniums in orange flower pots to center each table, and the alternating of red and yellow chairs, not only added to the brilliancy of color, but emphasized the Spanish colors.

Guests enjoyed a menu of avocado cocktail, tamale pie with potato salad, and ices in red, yellow and green tints. Throughout the luncheon hour, entertainment was offered by a gaily costumed group of young people. Miss Margaret Lentz danced a Spanish fandango to the pleasure of everyone, and Miss Mary Louise Budrow in the apparel of a handsome young don, sang two delightful Spanish solos. To the piano accompaniment of Mrs. Lentz, Miss Rebecca Budrow made a most attractive young seeress and foretold the futures of the guests.

Returning to the section rooms, the members heard a most interesting paper on "Betterment of the Sections," given by one to whom such details are plainly apparent. Mrs. W. H. Harrison, Ebell curator. Roll call was answered with new year resolutions for the section, led by Mrs. Charles Mitchell, section leader.

Of much interest were the plans for an evening party to be held in the near future, with the exact date to be announced later. This affair is an annual event, and planned to entertain what one lively young matron, described as "husbands and boy-friends."

Mrs. H. D. Myer was welcomed to membership in the group and guests greeted were Mrs. Joseph Plank, Mrs. Hewitt and Mrs. J. A. Meiss. Members present included Miss Mary Thompson, Mesdames Charles Mitchell, George Richardson, E. U. Dickenson, James Clark, Earl Matthews, James Tarpley, W. V. Whitson, F. E. Moore, R. E. Coulter, James Workman, Clyde Bach, E. C. Erwin, G. H. Goodwin, S. M. Padias, Emory Peacock, S. Hales and the hostess group, Mesdames Lentz, Preble and Lurker.

STOP SKIN TORTURE

Liquid Zemo Heals Every
Skin Blemish

The smarting agony of sunburn, itching, heat rash and skin disorders of all kinds quickly disappears with the use of Zemo. It heals and cools the skin.

For eczema, blackheads, tetter, pimples and acne, Zemo is the safe and dependable remedy. Liquid Zemo does not show and may be applied freely in daylight. Rubbed into the scalp, it stops itching scalp and dandruff. For overnight use apply Zemo ointment, and as a preventive of skin troubles bathe regularly with Zemo soap. Any druggist can supply you with Zemo in either form. 60c and \$1.00.

bric-a-brac or trouble-free transportations

Service Talk by a Service Man—

Is a new car a piece of bric-a-brac—or trouble-free transportation? You'd think it was the way some people buy new cars—especially the ladies—

A new model, flashy lines, gay colors, Spanish leather, cozy closed cars, "Spiffy" and "Swanky," and a smiling persuasive salesman—and there's the name on the dotted line! Then comes the service OR IT DOESN'T!

The new model gets old in a few months—somebody has copied the flashy lines. Gay colors fade—nothing can be done about it. The "Spiffy" and "Swanky" things are no more. Salesman is gone—he's smiling and persuading some other place. Bric-a-brac—that's what you bought. No, you didn't put it on the parlor table—but on the road and over the roads. The salesman said you could. But he would deny it now. When we sell Studebakers we sell no models—you like, Spanish leather, cozy closed cars with wool upholstery—not cotton. Not so "Spiffy" as some because we appeal more to good taste and common sense than we do to "Sports." Then comes our interested service. IT COMES—WHENEVER YOU NEED IT!—because we build our business on the policy that when we sell Studebaker we sell trouble-free transportation. This is how we make money. Weekly service letters which keep them up-to-date. A complete repair parts stockroom. And the many years of Studebaker experience in servicing cars has enabled us to give to our patrons expert repair service.

USED, TROUBLE-FREE TRANSPORTATION

When you purchase one of our "Certified" Studebaker Used Cars you also purchase trouble-free transportation. No wondering if the motor has been run ragged. When it is going to stop running. You can plan mostly anything when you are the owner of one of our fine used cars. Before you buy see ours first. We have the cleanest stock of used cars in Orange county.

FOR instance—Something like this, Studebaker Big 4 touring, New Laquer paint, Grey Green and Pearl Grey. Five good tires, bumpers, automatic windshield wiper, disc wheels. Boy, she's snappy. Completely reconditioned. Certified Studebaker. \$1150.

YOUR money's worth here—Chandler touring. Good rubber, wind, wiper, disc wheels, mirror. Stop light. Motor in good condition. And the price—look, \$225.

A FINE light car—Ford touring. Paint fine. Five good tires, bumpers, sun visor. Top and upholstery in fine shape. In good condition mechanically. \$250.

HERE'S another—Studebaker Special 6 touring. Five good tires. Motometer, windshield wiper. Rear-view mirror. Completely reconditioned. And this is some buy. \$585.

LOOK HERE—Bulck touring. New Laquer paint, Grey. Good rubber, snubbers, bumpers, tonneau windshield, sun visor, windshield and stop light. In fine condition mechanically. \$590.

WANT a fine Sedan?—Here's one. Maxwell sedan. New 2-tone Laquer paint. Hampton Grey and Erie Blue. Five good tires, disc wheel. Extras. In splendid mechanical condition. And the price will fit in anywhere. \$650.

ORANGE COUNTY FAIR DATE SET BY ASSOCIATION

The Orange county fair will be held this year September 6 to 11, under the schedule of county fairs, arranged by the Western Fair association at its meeting Saturday, in San Francisco, it was announced here today by Harry Welch, secretary of the Orange County Harbor Chamber of Commerce, who represented the Orange County Fair association at the meeting.

Other dates fixed that are of special interest to Southern California were San Diego, September 13 to 18; Ventura, September 15 to 19; Riverside, September 21 to 25, and the Los Angeles county fair, in Pomona, September 27 to October 2, or October 4 to 9.

Due to the large and increasing number of fairs held in the state each year, it is necessary to hold more than one at the same time, and the plan of the association is to so list the events that fairs in adjoining counties will not be held the same week.

Welch carried out the wishes of the directors of the Orange County Fair association in securing the date named for the local fair. At the request of Welch, the conference adopted a resolution, calling upon booking agents of circuses, shows and similar events, to plan dates which will not approximate the fair dates in the communities they plan to visit. A minimum interval of one month was suggested.

Welch said that 22 fair associations were represented at the conference.

M'LARNIN, TAYLOR REST FOR BIG BOUT

LOS ANGELES, Jan. 11.—Jimmy McLarnin, Vancouver featherweight and Bud Taylor, the terror from Terre Haute, who feature this week's boxing card with a 10-round bout at Vernon tomorrow night, tapered off their training today.

McLarnin was slightly over his contracted weight of 126 pounds today, but it was expected by his trainers that this surplus would be removed in time to save Jimmy a \$5000 forfeit.

The pair have fought twice in Los Angeles. Taylor copped the first engagement, was a fast, close battle.

The boys met the second time the middle of last month but the fight suddenly terminated when Taylor accidentally fouled his opponent.

The Olympic auditorium will be dark Wednesday night on orders from the State Athletic commission.

BREA

BREA, Jan. 11.—The American Legion auxiliary held a special meeting Wednesday night at the Legion hall to make plans for a visit to Camp Kearney, January 17, which will be Brea day there. The auxiliary officers attended the installation of officers at Santa Ana, Thursday night.

The Ladies' aid of the Baptist church held a regular business meeting Friday afternoon at the church. The time was occupied with finishing curtains for the church, and various other sewing.

The Missionary society of the Nazarene church held its regular meeting at the church, Friday afternoon. Mrs. C. B. Barton, the president, acted as leader of the meeting. The topic for the afternoon was "India."

The Nazarene church will be the scene of revival meetings conducted by the young people of the church, beginning January 18 and continuing until January 24. The meetings will be conducted by the Rev. Shelby Corlett, son of the Rev. Corlett, of the local church, who is general secretary of the Nazarene Young People's society, this district. A special meeting will be held at the church next Sunday afternoon.

The Christian church Missionary society members were guests at the home of Mrs. Robert Russell, of South Walnut street, Wednesday afternoon. Mrs. O. R. Merrifield was the leader for the afternoon, the subject being "Prayer and Missions." After regular meeting was concluded, a pleasant social hour was enjoyed and light refreshments served by the hostess.

The three groups of the Camp Fire Girls of Brea will hold a ceremonial at the Boy Scouts' building, Friday night. The girls are under the leadership of Mrs. W. W. Jackson, Miss Ballantyne and Mrs. Stella Kiger.

Misses Zada Smith and Marion Sutphen and Jack Pickering, of Riverside, were guests at the Joe Smith home, Tuesday night.

Mrs. J. F. Siebenhal, of South Flower street, is recovering from illness which has kept her confined to her home for the past two weeks.

Mr. and Mrs. Fred Orvis, of Elsinore, were dinner guests at the home of Mrs. Chas. Harvey, Wednesday evening.

Mrs. E. L. Allen was hostess at a birthday party Friday afternoon, honoring her son, Max, who celebrated his fourth birthday. The small guests were entertained by games during the afternoon. Later, the hostess invited the guests to enter the dining room, where the table was attractively set, the big birthday cake occupying the place of honor. Ice cream with cake was served to the following: Eula May and Beverly Smith, Emily Wheeler, Carl Olmstead, Max and Rex Allen.

The Pythian Sisters, of Brea, will hold installation of officers on January 21. The installation will be open to members only.

CHAIN STORE CHIEF LOOKS TO 1926 WITH CONFIDENCE OF EXCEEDING 1925 MARK

"The secret of low prices in food-stuffs is in the turnover. The greater the sales, the smaller the profit required. It is this fact that automatically operates to keep the turnover constantly increasing."

This is one of the outstanding statements in a report compiled by Joe Daley, president of Daley's, Inc., chain store grocers, which company operates six stores in Santa Ana.

In the report, which was released for publication here today, Daley said his corporation had just closed one of the most successful years in its history.

"In summing up our business at the end of 1925 we find it very hard for the general public, unaccustomed to mercantile affairs, to realize the impressive volume of business transacted by a modern mercantile institution of our size in our line of business. It is almost impossible for the lay mind to realize the far-flung organization in men and equipment that must be maintained to move this immense volume of merchandise from field, factory and warehouse to store and consumer."

"Among the items of greatest volume which we sold during the year, were sugar, over 8,500,000 pounds; flour, 5,750,000 pounds; shortenings, 800,000 pounds; butter, over 800,000 pounds; coffee, almost 600,000 pounds; oleomargarine, over 250,000 pounds; canned milk, over 3,000,000 cans; pork and beans, over 500,000 cans; Campbell's soups, almost 700,000 cans; soap, over 3,000,000 bars; bread, something over 3,000,000 loaves, the biggest part of which was produced in our own bakery; mixed canned goods, almost 5,000,000 cans; bottled goods, over 1,000,000 bottles.

"Some items that run into real volume and count up very fast are cigarettes, over 40,000,000; matches, over 21,000,000; tooth picks, almost 15,000,000. On pastry items alone, made in our own bakery, we sold over 600,000, not including cookies, of which we baked and sold nearly 5,000,000.

"These figures, however, represent only a small group of grocery items universally used. When to these great quantities is added the volume represented by the many other items sold in our stores, you will come to a full realization of the magnitude of Daley's Inc.

"The secret of low prices in food-stuffs is in the turnover. The greater the sales, the smaller the profit required. It is this fact that automatically operates to keep the turnover constantly increasing."

"As a modern day food business, I believe few citizens of Los Angeles are aware of the phenomenal growth of Daley's. This corporation was organized in 1917 with a nucleus of 18 stores, and a capital of \$45,000.00. It now has a capital and surplus of approximately \$750,000.00, and the number of stores 165. Over 600 stockholders have participated in the dividends paid by this corporation during the past eight years, which have amounted to \$252,835.84, or five and a half times the amount of the original capital investment. The volume of business for 1925 was almost fourteen times the amount of business for 1917. The total payroll for 1925 was in the neighborhood of \$550,000, and the total number of employees on December 31 was over 300.

"Daley's is a California corporation, owned by over 600 stockholders, nearly all of whom live in Southern California.

"Chain stores, as conducted nowadays, do a colossal business. The largest chain store organization in the United States last year alone sold 65,000,000 pounds of coffee, 40,000,000 dozen eggs, 250,000,000 pounds of flour, 418,000,000 loaves of sugar, and 200,000,000 loaves of bread.

"While we do not claim to have the largest organization of its kind in the United States," said Mr. Daley, "we have a very good sizable business, giving employment to several hundred people, and rapidly becoming one of Southern California's outstanding commercial institutions.

"We have our faces now turned toward 1926, and we have set as our slogan 33 1-3 per cent more business than in 1925. We have made up our minds to do it. We know it can be done, and we have our organization all set ready to go. We are looking forward to a year of unprecedented prosperity. Every man in our organization is an optimist, and sold, not only on the Daley organization, but on Southern California."

Nab Matman for Rowing In Lake Sans His Shirt

LOS ANGELES, Jan. 11.—John Pesek, Nebraska heavyweight wrestler, was rowing in Westlake park, in preparation for forthcoming battles. The sun and exertion brought the perspiration and Pesek peeled off his coat, collar and tie and finally his shirt.

Before long John was stripped to the waist and working hard. Suddenly another boat appeared alongside and a blue-coated rower ordered Pesek to dress himself or take a ride on land.

"First time I ever saw a traffic cop in the middle of a lake," Pesek commented as he obeyed orders.

Settler Leniency Blocked by House

WASHINGTON, Jan. 11.—A provision in the interior department bill authorizing the secretary of the interior to grant lenient terms to settlers for payment of operation and maintenance of irrigation projects has been eliminated by the house. The provision was knocked out of the bill on a point of order by Representative Simmons, Nebraska, Republican.

Students Protest Foreign Meeting

SHANGHAI, Jan. 11.—Strong student hostility to the customs conference is reported in Hankow. Recently, the students held a monster demonstration as a protest against the holding of the conference in Peking. They claim that in permitting the conference to be held, the chief executive, Tuan Chih-jui, has been guilty of betraying his country to the foreign powers.

The results of the conference, they assert, cannot be of benefit to China but will only "bind her still more tightly under the yoke of foreign oppression."

The demonstration commenced with a mass meeting, after which hundreds of students, carrying paper flags, paraded the streets and distributed pamphlets.

RED PARADE IN PEKING

PEKING, Jan. 11.—A demonstration of a Communist character was held recently by workers and coolies as well as by students. No national flags were to be seen.

SENTENCE BILL PASSED

NAUEN, Jan. 11.—The Italian chamber has passed Premier Mussolini's dictatorial bills providing life imprisonment for anyone plotting against the life of the Fascist Duce.

GOVERNOR WILL OPEN NATIONAL ORANGE SHOW

SAN BERNARDINO, Jan. 11.—

For the fourth consecutive year, Gov. Friend W. Richardson officially will open the National Orange show in this city. This year's citrus classic, the sixteenth, will run from February 18 to 28, inclusive, and will be a larger and better balanced presentation than any of its many successful predecessors.

More than 40 acres will be given over to the six expositions, which combined make up California's greatest midwinter event. Committeemen now are at work perfecting plans to make each of the departments larger and better than in previous years.

The opening night will be a colorful one with an elaborate program in keeping with the importance of the occasion, at which California's "first citizen" will be the guest of honor.

Governor Richardson is a product of the San Bernardino schools and grew to manhood on a ranch here, where he later edited a pioneer daily newspaper. His coming will be the occasion of many reunions with friends of former years.

In accepting the invitation of the show management to open this year's classic, Mr. Richardson said, "the importance of the Orange show to the citrus fruit industry of our state and its advertising value throughout the nation makes it an event with which I am proud to be identified."

More Than 20,000 Aliens Arrive In State Last Year

SACRAMENTO, Jan. 7.—Of the aliens entering the United States during the fiscal year ended June 1, 1925, 20,960 gave California as their place of future residence, the state immigration and housing commission reported to Gov. Friend W. Richardson and the state board of control. The total is a decrease over the previous year because of more severe immigration restrictions.

More of the immigrants were from Mexico than any other country and the increasing Mexican population in the state has brought about a difficult social problem, the commission says.

The principal nationalities follow: English, 4700; Mexican, 4861; German, 2493; Irish, 1762; Italian, 459; Scandinavian, 1041; Scotch, 1987; Armenian, 33; Africans, 19; Dutch, 294; Russian, 207; Portuguese, 113; Hebrew, 493; Chinese, 626; and Japanese, 144.

Martin's N. Y. Cheese. Anderson's.

Youthful Styled Frocks, \$16.50 up.

The very embodiment of chic and youthful grace is evidenced in every single dress. The wide sweep of the circular flared skirt is very smart, and there are other modes, also expressing youth and newness in other winsome ways.

CHRYSLER "58"

Electrifying New Prices

Reductions from \$50 to \$110

Touring Car	- - -	\$845
Roadster	- - -	\$890
Club Coupe	- - -	\$895
Coach	- - -	\$935
Sedan	- - -	\$995

Effective January 9, 1926, All Prices F.O.B. Detroit, Subject to Federal Excise Tax

Thanks to the swiftly climbing sales and steadily swelling production volume of Chrysler "58," new and greatly lowered prices are made possible which render the "58" more unmis-takably than ever the value supreme in its class.

Chrysler "58" sped far away from all possible competition months ago in its own low priced field, OUTSELLING EVERYWHERE when it provided such striking performance features as 58 miles an hour, 25 miles to the gallon of gasoline, and a pick-up of 5 to 25 miles in 8 seconds.

Precisely the same quality—precisely the same performance—precisely the same fine appearance—precisely the same beautiful body and chassis at these new prices deal a body-blow to anything even remotely seeking comparison with the "58," which will instantly be recognized with a thrill of delight, by every student of motor car values.

MANY ATTEND GATHERING OF P.-T.A. BODY IN GARDEN GROVE

Pre-Convention Meeting of Fourth District Association Is Held on Saturday

NOMINATE OFFICERS FOR ENSUING YEAR

Numerous Subjects Taken Up at Session in Grammar School Auditorium

The annual pre-convention meeting of the fourth district California Congress of Parents and Teachers was held in the Garden Grove grammar school auditorium Saturday.

Mrs. J. Edmund Snow, of Santa Ana, district president, presided over the meeting, which was opened by all singing America, followed by an invocation by the Rev. David B. Loofbourrow, pastor of the Garden Grove Methodist church.

Prof. A. D. Hoenshel, principal of the Garden Grove union high school, gave the address of welcome. His subject was "Burdens of the School."

Mrs. Fay R. Spangler, president of the Santa Ana city federation, responded to the address of welcome.

Dates For Convention

Minutes of the previous meeting in Fullerton were read by Mrs. W. W. Hoy of Santa Ana, recording secretary, who also gave the dates for the state board meeting to be held in San Francisco on January 12, the San Bernardino state convention, May 25, and the national convention May 3 to 8.

A report was given by Mrs. G. U.

(Continued on Page 9)

IRVING BERLIN AND BRIDE

Irving Berlin and the girl who used to be Ellen Mackay paused in their billing and cooing at the Ritz-Carlton at Atlantic City long enough to pose for photographers. They sailed Saturday from New York for a honeymoon in Europe.

REPORT TELLS KIWANIS CLUB WELFARE WORK

Physical, Moral and Mental Development of Needy Children Aim of Program

The welfare committee of the Santa Ana Kiwanis club in 1925 distributed 1400 quarts of milk to the homes of some of the poorer families of the city who could not buy milk for their children, and supplied 6000 quarts to pupils of the Mexican school, according to the annual report of Fred Blauer, chairman, recently submitted to the club.

At the same time the committee continued through the year the physical development of three Orange county children, providing for their treatment in the Los Angeles orthopedic hospital, the work being under the direction of the under privileged child committee, a sub-committee of the welfare group, of which Blauer also is chairman.

Get Money Through Fines Funds for welfare work are developed largely through fines imposed on members of the club for various reasons, and men who are fined contribute cheerfully because of the knowledge that the money goes to this fund.

Declaring that a committee chairman never had a body of finer men than he has had on his committee, and asserting that an appeal for assistance never had been denied by a member of the committee or by the club, the chairman pointed out that service to under privileged children takes three forms, physical development, moral development and mental development. Under these heads, Blauer comments on the work of the committee as follows:

"Physical development: It has been the privilege of this club to continue the work, through the Los Angeles orthopedic hospital, for three Orange county children.

(Continued on Page 9)

ACID THROWER

Mrs. Lee Mayer, above, threw acid in the face of Miss Ella Granger, because of the latter's alleged friendship for Mrs. Mayer's husband, a theatrical producer and Miss Granger's employer. But when the two women met in a San Francisco police court, they kissed and made up.

ANNOUNCE TIME FOR UNIVERSITY STUDY COURSES

The extension division of the University of California aims to reach citizens of California throughout the state and offer them as many of the study courses given at the state university center as it is possible to give in smaller towns. This year a number of classes are being given in Santa Ana and these include elementary French and Spanish, the modern novel, harmony and the history of philosophy. The French class is meeting Mondays in the senior high school from 7 to 8 p.m.; the modern novel, Thursdays from 7 to 8 p.m.; harmony, Thursdays, from 4 to 5 p.m.; Spanish classes will start February 12 in the senior high school.

A course in the history of philosophy, given this year, is one of the most interesting ever offered by the state university. This class not only is designed for university students but is of practical value to business men and women, club women or others interested in the subject. E. M. Neale, who took his A. B. and L. L. degrees in the University of Iowa and who also has studied in the University of Chicago and in London, is the instructor. He now is teaching in the Santa Ana junior college.

The course will comprise a study of the development of philosophy thought from Thales to Augustine and take up the Greek, Hellenic and Roman philosophies, the Alexandrian movement and the formulation of modern Christian philosophy. The class will meet Thursday evenings, from 7 to 9, in room 236 senior high school, here. Persons who live in nearby towns are welcome to take these state university courses.

10% discount on all mattresses sold this week at Santa Ana Mattress Co., 216 French St.

ORANGE COUNTY PIONEER DIES IN HOME HERE

Joseph Yoch, Closely Identified With Development Of District, Is Called

Joseph Yoch, for 40 years a resident of Santa Ana, died Saturday afternoon in his home, 111 East Eleventh street, after a year's illness. He was 81 years old.

The Yoch family has resided in Santa Ana for almost half a century, excepting for brief absences in Glendale and Laguna Beach, where members own property.

Mr. Yoch had been able to be about until three weeks ago, when his condition became critical.

Funeral services will be held for the deceased pioneer in St. Joseph's church at 10 a.m. tomorrow, when high mass will be sung by the children of St. Joseph's school, the Rev. Father P. C. Tritz, of Laguna Beach, preaching the sermon. Interment in Calvary cemetery, Los Angeles, will follow. The pastor of St. Joseph's, the Very Rev. Mgr. Henry Emmelen, will officiate.

The Rosary will be recited for the repose of Mr. Yoch's soul at 7 p.m. tonight in St. Joseph's church, corner Lacy and Stafford streets.

The board of supervisors will adjourn tomorrow and attend the services in a body. Mr. Yoch was a member of the board for four years in the early history of Orange county.

Born in 1844 Joseph Yoch was born May 17, 1844, in Schachtebich, near the city of Heiligenstadt, province of Saxony, Germany. His family moved to the United States when Joseph was three years old. They brought all their household and farm implements, even seed, and landed in New Orleans, taking a boat up the Mississippi to St. Louis, in 1847. Having added to his fortunes by successful farming, 10 years later, Christian Yoch, Joseph Yoch's father, decided to return to Germany to buy an estate upon which was located an old Schloss. However, the coal miners in the neighborhood of St. Louis, learning of Mr. Yoch's intention, prevailed upon him to remain in this country and invest his money in coal lands.

This proved to be the turning point in his career as this was his first interest in coal and from this starting point developed one of the largest coal businesses in that section. From the age of 19, Joseph managed the business, his father having retired, under the firm name of Joseph Yoch and Brothers. Joseph and his two brothers worked together in building up a business that controlled the coal in a zone 50 miles about St. Louis. Joseph Yoch attributed a large part of their success to the invention, by his brother Bernard, of a road engine, known as the B. Yoch engine. The company operated several mines, employing 300 to 400 men. One of the many interests built up by this company was a transportation line for carrying coal across the Mississippi river, from East St. Louis to St. Louis. It was this coal transportation line that attracted the attention of the Jay Gould interests. Finally, in 1886, the Jay Gould interests bought the varied interests of Joseph Yoch and brothers.

The executive committee in charge of arrangements is composed of W. B. Martin, Dr. E. H. Rowland, M. B. Wellington, Albert Rosher, John Paul Lee, the Rev. H. B. Burgess, C. N. Mozley, H. M. Sammis, the Rev. S. N. Edgar and Roland E. Dye.

Extend Bid to Visiting Elks For Jinks Night

A special invitation has been extended to all visiting Elks in Santa Ana to attend the jinks entertainment of the Santa Ana lodge tomorrow night in the lodge quarters on Sycamore street between Fifth and Sixth street, W. R. "Stormy" Gordon, exalted ruler, announced today. Gordon said that Chairman Earl Abbey of the entertainment committee had arranged the most attractive program of the year. A turkey dinner will be served at 8 o'clock. A short lodge session will follow, with the jinks scheduled to begin at 8 o'clock.

Radio at Gerwing's, 312 Bdwy.

TRUSTEES FOR NEW CEMETERY DISTRICT WILL BE APPOINTED

County Supervisors Will Make Appointments, One From Each Constituency

BOARD TO FUNCTION AFTER 1ST OF JULY

Funds for Work Will Not Be Available Until Tax Levy for Year Is Made

Trustees for the cemetery district organized last week by the county supervisors, for the immediate purpose of providing maintenance for the older portion of Santa Ana cemetery, will probably be named tomorrow.

This was predicted today by Supervisor S. H. Finley, of Santa Ana, who represents one of the three supervisorial districts contained within the cemetery district. The latter district covers all that portion of Orange county situated east of the Santa Ana river.

Supervisors of the first, fourth and fifth districts, the three included in the cemetery district, probably will select the trustees. Finley said, each supervisor naming a trustee from his own district. Finley was not ready to announce his selection today, he said.

Will Function in July

The cemetery district probably will not begin to actually function, however, until the next fiscal year, which begins July 1, it was stated by Finley and other officials today. Funds to be provided for the district purposes will not be available until the tax levy for next year is collected, and the district will not be authorized to proceed with its plans until the county supervisors have formally fixed the tax levy, next July or August. It is not necessary to wait until the taxes have actually been collected, but no action can be taken until the tax levy is fixed, officials say.

A tax of two mills, the amount planned for the cemetery district, will yield the sum of \$10,812 annually on the present assessed valuation of the district, County Auditor W. C. Jerome made known today. The district, including all of the first and fifth districts, and all of the fourth district except Yorba school district, has an assessed valuation of \$54,063,595.

Power to Establish Cemeteries Under the act governing formation of cemetery districts, the local district will have power to maintain all existing cemeteries within its borders or establish new ones. Its primary purpose is the maintenance of the Santa Ana cemetery, portions of which have suffered neglect, due chiefly to lack of a water supply.

Plans were launched several months ago by Ed Utt, of Tustin, for the installation of a water system that will supply the cemetery. The county supervisors reserved two plugs of the system for the cemetery, on the understanding that the cemetery district, when formed, would take over the county's obligation and repay to the county the \$500 expended for the plugs.

RAILROAD MAN DIES ALHAMBRA, Jan. 11.—Frederick Jacob Reid, 62, widely known in railroad circles, died at his home here Sunday of bronchial pneumonia. He was assistant general passenger agent of the Santa Fe.

I Didn't Know---

What excuse have you for not knowing many things?

Isn't the main reason that you have some time or other thought or been told something and that idea became a fixed fact in your mind? When in reality you were all wrong and could have easily convinced yourself to the contrary and to your benefit and saved yourself a lot of money and months or maybe years of worry and misery by just a few minutes of open-minded investigation.

ISN'T THAT THE TRUTH? YOU KNOW IT IS.

Every day and sometimes many times a day, I hear on my salesroom floor, men and women say, "I didn't know." Meaning that they did not know that the NEW CHEVROLET is the car it really is.

Sometimes they had thought or had been told that the CHEVROLET was a little, cheap car. But after looking it over and taking a ride, they realized that they had been all wrong. That the NEW CHEVROLET is a good looking, easy riding, easily handled, trouble-proof, economical car and they were sorry because they could have gotten more satisfaction at less cost if they "had known" or had taken the trouble to find out.

Are you going to make the same mistake? Of course not, for you are coming in and let me show you this NEW CHEVROLET—no obligations—that is my pleasure.

I WANT TO SEE YOU

Why it pays to

Save with Safety at Mateer's Drug Store

A man came into our store Friday and noticed a display of pipes on our cigar counter which were marked \$3.50 each. He took from his pocket a pipe of the same well-known brand as those we had on display at \$3.50 and told us he paid \$5.00 for it at another store. What better evidence required to show that it pays to SAVE WITH SAFETY at Mateer's Drug Store?

ORANGE COUNTY PIONEER CALLED

(Continued from Page 7)

ers. After the purchase, Joseph Yoch was offered an executive position with them, but he remained only a few months, long enough to initiate the new owners into the operation of the business.

Mr. Yoch made his first trip to California in 1872, coming to San Francisco to recuperate from illness. In 1878, he married Catherine Isch, whose parents were natives of Lorraine, France, and were pioneers of Illinois. They came to California in 1878 in regard to the Black Star coal mine, which is near Orange county park, and which Mr. Yoch later purchased. In 1886, Mr. Yoch again brought Mrs. Yoch to California for her health. Having disposed of their interests in East St. Louis, they purchased a home at 1012 North Main street, Santa Ana, where they raised their family and resided until the board of education purchased the grounds in 1923 and erected the new Washington school.

In 1887, Mr. Yoch bought the Black Star coal mine in Santiago canyon. Later he invested in another mining property in the Santiago and for 10 years worked the two mines. He owned the Black Star Canyon ranch to the time of his demise and was interested in raising bees there.

In 1889, Mr. Yoch established a brick yard in Santa Ana, furnishing the bricks for the old First National Bank building on Fourth and Main streets.

In 1895, he bought an 180-acre ranch in El Monte, in Los Angeles county, and sank the first successful irrigating well in that vicinity. He also owned a walnut ranch in Santa Ana and took much interest in this phase of farming.

Supervisor Four Years
Joseph Yoch was supervisor of Orange county for four years and was chairman of the board. During his period of service, the fifth street bridge was built, Gospel swamp was tilled and the first road was built to Orange County park and Santiago canyon. He was a great believer in good roads and always worked hard for them. He was one of five supervisors who had the deciding vote in locating the county court house in its present location. He also was a member of the board of trustees of Santa Ana for two terms.

In 1889, Mr. Yoch purchased land and built the Alpha cottage, in Laguna Beach, where the Yoch family has spent its summers ever since. In 1895, Mr. Yoch became the owner of the old Laguna Beach hotel and store. He later bought the Arch Beach hotel and moved it to Laguna, adding it to the Laguna Beach hotel. It is due to his enterprise that this section had its early water supply and its first telephone line.

For many years Mr. Yoch was the sale financial backer of the town. So eager was he to encourage transportation facilities to Laguna, that he brought the first automobile to Orange county, a 16-passenger bus, which required the services of two operators to run. This machine proved to be unsatisfactory and only made the trip to Laguna from Santa Ana a few times. He financed the first automobile stage line, ran the hotel and rented cottages at a loss in order to provide accommodation for visitors. He transported supplies of fresh meat, fruits and other commodities purely as an accommodation to summer residents.

Mr. Yoch did not believe Laguna should be divided up into small lots, and wherever he accumulated land, he held it in large pieces, refusing to cut it up, feeling that in the future it would be better for the town.

He was largely instrumental in getting the paved road from Irvine through Laguna canyon, when Laguna was a little town. One of the outstanding friendships of early days of Mr. Yoch and his family was that of Madame Modjeski and her husband, Count Charles Bozenta Chwapowski. Madame and the count spent much time in the Yoch home, and the members of the family were often at "Forest of Arden," the home of the distinguished couple. Often at these gatherings were present the James Rice family, of Tustin, and other friends.

Built Church Here
In principle, Mr. Yoch was a Democrat but on local issues he voted for the man he thought best. He was a member of the Roman Catholic church and built and paid for the first Catholic church in Santa Ana and gave the land and building of the present Catholic church, in Laguna Beach. He was very tolerant and broad-minded of the religious convictions of others, and not only never spoke ill of his fellow men, but would not permit others to speak ill of anyone in his presence.

Mr. Yoch was a firm believer in good education and it was the dream of his life that his six girls should be college graduates. Five daughters graduated from universities, and the sixth daughter took special college work in Baltimore and Washington.

In 1909, Mr. Yoch formed the corporation called the Yoch company, putting all his interests into it, and dividing the stock among himself, wife and daughters. He served as president of the organization until his death.

Mr. Yoch bought stock in the First National bank, of Santa Ana, in December 1893, and in January, 1894, he was made director and served as director of the bank for 25 years, and as vice president for a great many years, retiring in 1919. In 1924, when Mr. Yoch became director, W. B. Hervey was president and J. A. Turner was cashier. The directors were J. S. Rice, Joseph Yoch, W. B. Hervey, George Irvine, J. C. Wilson, S. W. Preble, D. R. Sterling and George W. Ford.

Leaves Six Daughters
Besides his widow, who has been an invalid for many years, Mr. Yoch leaves six daughters, Josephine, at home, who formerly

Stage and Screen

WEST COAST WALKER

With a story by Peter B. Kyne, a production directed by V. Schertzinger, and virtually an all-star cast, "The Golden Strain," which came to the West Coast-Walker theater yesterday, simply couldn't help being a good picture.

The story, briefly told, is that of a young military officer's struggles to overcome a streak of cowardice and how he wins out after drastic measures have been employed by a foster brother.

It is a romance of the West such as only Peter B. Kyne can write, and Schertzinger, with the aid of a remarkable cast, has added another to his list of screen successes.

Madge Bellamy and Kenneth Harlan have the leading roles, with Hobart Bosworth, Ann Pennington, Frank Beal, Lawford Davidson and a host of other film favorites in their support.

Gene Morgan is featured in the West Coast presentation, an "All Star Idea," produced by Fanchon and Marco. Morgan is even funnier than in his last appearance here.

Fay Adler and Ted Bradford offer one of the most unique dance numbers ever seen here. Helene Hughes delights with several vocal selections. Jue Wong, the Chinese Synopation King, offers some ukulele numbers that are the best. As a finishing touch to this act this array of stage celebrities offer two comedy skits that are a riot.

Concluding the film bill is an Earl Fox comedy "The Wressler."

WEST END THEATER

Proving itself a distinctly worthwhile photoplay, "Three Faces East," a Rupert Julian production featuring Jetta Goudal, Robert Ames, Henry Walthall and Clive Brook, was heartily received by big audiences at the West End theater yesterday. For sustained interest, swift moving action and thrills, this picture stands in a class alone.

The story deals with the adventures of several members of the British and German Secret Service during the war. It is finely developed along dramatic lines and there is a surprise finish which it would be unfair to the reader to reveal. The scenes along the fighting line, in the hospital, in London and Berlin are not only impressive because of their massiveness and fidelity, but they hold the attention of spectators with highly thrilling results. Here is a picture that one can see again and again with increasing interest. It was superbly directed by Rupert Julian under Cecil B. DeMille's supervision.

The featured players present highly artistic portrayals and they contribute to the enjoyableness of the production. From start to finish there isn't a dull moment in the action and with its beautiful photography and thrills, "Three Faces East" is a mystery drama of superlative quality.

YOST THEATER

The Association Vaudeville program, which comes to the Yost theater Tuesday and Wednesday, may not appeal to the aesthetic for its symphonic rhythms of musical and terpsichorean art, but it will appeal to those seeking relaxation and amusement.

Heading the bill is the superior character comedian, James F. Fulton, with a talented company of three, appearing in "The Mayor and the Manicure," a clever sketch, written by George Ade.

"Music from Anything" is the motto of the Two Rozellas, comedy musicians, who present an act entitled "Music With a Smile." The male Rozella caricatures a drunk to perfection and despite his apparent debility, manages to draw forth music from his smoking pipe. At other times, his cane suddenly becomes a flute, a whisk broom produces piccolo music, the lamp post is transposed into a bassoon and a hat rack emits harmonious

taught languages in Los Angeles high school; Bertha, wife of Thomas Boyle, a cattleman of Phoenix, Arizona; Elizabeth, of Boston, Mass., the wife of Com. Theodore G. Lewton, U. S. N. cadet guard service; Caroline, the wife of Redmond Barnett, of Potsdam, N. Y.; Agnes, the wife of N. E. West, manager of the Yoch company, Laguna Beach, and Florence, landscape architect, of Pasadena. Mr. Yoch also leaves 12 grandchildren.

Yank Officials Admit Vets May Be Traded Soon

NEW YORK, Jan. 11.—Officials of the New York Yanks admitted today that one or two important deals might be made before new contracts are sent out to the players. Babe Ruth, Wally Pipp and Herb Pennock are the only players under holdover contracts.

The club officials denied last week

that any trades with the Washington or Cleveland clubs were being considered but they admitted that Manager Miller Huggins was discussing a trade with the St. Louis Browns which is thought to involve Marty McManus, Brown second baseman.

Sam Jones, "Erin" Ward, Wally Pipp and Wally Schang are considered trading material, but the club insists that Waite Hoyt will not be used in any kind of a deal.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchitis, asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. (adv.)

INTEREST IN DIVISION OF CALIFORNIA WATER RIGHTS STIMULATED BY RAIN LACK

The cycle of dry years through which the state of California has been passing is stimulating public interest in all lines of effort which engage the attention of the division of water rights, state department of public works, according to statements by Edward Hyatt jr., chief of the division, in a summary of the activities of the department for the year 1925.

MANY ATTEND P.-T.A. MEET IN GARDEN GROVE

(Continued from Page 7)

Straw, fourth district treasurer. A message from San Diego was read, which asked the fourth district to endorse San Diego's candidates for state president, Mrs. W. A. Price and Mrs. B. B. Bates. The fourth district had already promised support to Mrs. P. O. McCulloch, president of the tenth (Los Angeles city) district and endorsed for state president.

"International Education and Peace," a subject of much interest in P.-T. A. circles, was discussed by Miss Jennie B. Lasby, member of the Santa Ana junior college faculty.

Miss Lasby attended the first International Educational convention, held in Edinburgh, Scotland, in July, 1925. Out of 62 nations, 48 were represented. Objects of the convention were: First, increase of international understanding, and second, to raise the standard of education throughout the world.

The convention decided the following things were needed: Public health, literacy, standard for secondary education, elementary education and training of teachers. The illiteracy section passed a resolution to revise literacy tests. Candidates are required to read certain newspapers and write a review, and second, that the test be made universal. Norway has no normal adults who cannot read and write. Denmark is second and Sweden third, with America seventh and India last on the list. The problem is to help all nations and in one way this can be done by the illiterate visiting those who can read and write, it was pointed out.

Miss Lasby attended all sessions of the convention and gave a very interesting report.

Covers were laid for 200 members of the P.-T. A. on long tables, which were decorated with rosebuds and ferns raised by Mrs. A. Stanley, of Garden Grove, and donated by her. The afternoon session was opened with reports given on the work of the P.-T. A. from presidents in the county—Mrs. J. B. Handy, Villa Park; Mrs. L. E. Allen, Tustin; Mrs. E. W. Reed, Seal Beach; Mrs. Oscar Guilbert, San Juan Capistrano; Mrs. Straw, West Orange; Mrs. G. B. Goetsch, Orange; Mrs. Walter Herring, Orange; Mrs. Mason Squier, Orange; Mrs. Charles Bowyer, Orange; Mrs. J. V. Kelsey, Garden Grove high school; Mrs. J. Roy Williams, Katella; Mrs. Morris, La Habra; Mrs. H. H. Pollard, Garden Grove; Mrs. C. A. Marcey, Fullerton; Mrs. Charles Hosfield, Fullerton; Mrs. Ralph Vile, Costa Mesa; Mrs. George M. Gregory, Anaheim; Mrs. Frank Hill, Commonwealth; Mrs. Meyers, Anaheim; Mrs. Lincoln Mrs. Backs, Anaheim Eastside.

Credentials Report Given
Mrs. J. V. Kelsey, of Garden Grove, and second vice president, gave the credentials report as follows: State chairman, 2; national chairman, 1; delegates, 68; visitors, 200; local presidents, 29; voting body, 118; members of state nominating committee, 2; number of guests from tenth and first districts.

Nomination of fourth division officers was held and the following named were nominated: President, Mrs. J. V. Kelsey, of Garden Grove, and Mrs. S. W. Stanley, of Tustin; second vice president, Mrs. W. W. Hoy, of Santa Ana, and Mrs. H. L. Backs, of Anaheim; recording secretary, Mrs. F. L. Benson, of Anaheim, and Mrs. Charles Schweinsfest, of Anaheim; corresponding secretary, Mrs. F. T. Preble, of Tustin, and Mrs. H. H. Pollard, of Garden Grove; financial secretary, Mrs. Douglas, of Fullerton, and Mrs. Bungay, of Santa Ana; and Mrs. Homer Keele acted as chairman of tellers.

The election of the officers will be held at the annual district convention set for April 10 at Laguna Beach.

Speak on Peace Movement
Following the nomination of officers, Miss Sharp, of the Fullerton junior college faculty, and Miss Watson, of the Santa Ana junior college faculty, spoke on the "Fellowship of Youth Movement for World Wide Peace." Miss Sharp spoke of her return trip on board the steamer from France last summer, when she heard talks by a number of students, who had attended the "Pilgrimage of Peace" to foreign countries during the summer. When joining this society, a member promises to strive to remove causes of war.

Miss Watson spoke on the hearty response in which the "Fellowship of Youth for Peace" movement was met at a meeting held at the Santa Ana Y. M. C. A. but, Santa Ana now has one of the largest chapters in Southern California and is named headquarters for the state of California. Miss Watson stated it is the desire that each parent and teacher help teach the boy and girl a better understanding of foreign neighbors and overcome race prejudice.

Robert O'Brien, student in the Santa Ana junior college, spoke on the same subject.

Mrs. J. G. Lythe, of Los Angeles, then favored the members with two piano numbers.

Mrs. McCulloch Speaks
Heading the list of honor guests was Mrs. P. O. McCulloch, president of the tenth district of the teachers, comprising the whole of Los Angeles city, and nominee for state president. She gave a talk on the work of the P.-T. A. and its

The chief announces that fee collections during the year were the greatest in the history of the division. "A total of \$34,230.45 was collected, compared with \$24,675.17 in 1924," the report says. "While these collections are destined in the state treasury and do not become available for the use of the division, it is interesting to note that the sum collected during the last year equals approximately 40 per cent of that appropriated to meet current expenses of the division in connection with its statutory functions."

Rainfall Conditions Told.
Commenting on rainfall conditions, Hyatt says in his summary that "out of a total of 12 typical California rainfall stations of the United States weather bureau, which have reported to date, only two, San Diego and Bakersfield, have had more than a normal precipitation, and of the remaining 10 stations, Sacramento reports the lowest percentage of normal rainfall, 37 1-2 per cent, and Fresno reports the highest, 97 per cent. These conditions have created an increasing demand for an accurate determination of the water rights on various streams and distribution of water by stage agency to the several claimants, in accordance with their adjudicated rights."

The number of applications awaiting action has been reduced from 890 pending cases to 746, the lowest number awaiting action since 1920. During the year, 465 applications to appropriate water were received. During the same period, 411 cases on file were approved and 192 cancelled. Since the office was established, in 1915, 4857 applications have been received, of which 2339 have been approved, 1772 have been cancelled, leaving 746 applications pending. During the year, the division held 50 formal hearings, involving action upon 132 separate protested applications.

Touching upon adjustments made by the division, the chief says:

30 Diversion Canals.

"More than 600,000 acres of land in Fresno and Kings counties are irrigated from the Kings river, by means of about 30 diversion canals. For 50 years there has been dissension and litigation between the various ditch owners when the subject was referred to the division in 1922 for the preparation and operation of a schedule of diversions. Such a schedule was prepared and C. L. Kaupke, appointed watermaster, and since then the water available has been distributed by Kaupke in accordance with the schedule. Litigation has ceased and each ditch has actually received its agreed upon share of the water. In 1925 a difference of opinion arose among the Kings county canals, but after a thorough investigation into its causes and a hearing in Hanford December 1, the points of conflict were adjusted and the operation of the schedule for 1926 assured."

"Although the water of the San Gabriel river, in Los Angeles county, is small, compared to other streams in California, it is one of the most important rivers and presents at the present time the most baffling technical and legal problems before the division."

"A searching hydraulic investigation of the whole San Gabriel drainage area was started by the division in 1923 and has progressed two years, but, due to the excessive dryness of these two years, it has not yet been possible to secure needed data as to flow, absorption into the groundwater, etc., and the study therefore must be continued. The cost of the work has been advanced by local interests, the county of Los Angeles being the main contributor. The county plans to build on the San Gabriel a great reservoir for both flood control and conservation purposes, costing \$25,000,000, and the hydraulic investigation is necessary in this connection as well as for the division to act upon the many pending applications for water."

progress. Mrs. McCulloch also told of the careful study and thorough investigation she had given the "Fellowship of Youth" movement and urged that all members should investigate an organization that had been organized in Russia and eliminated the name of Jesus Christ and still wanted peace. She declared that any organization for the youth of our land should have true American ideals, which stand first for our flag and our nation with Jesus Christ as their ideal. Mrs. McCulloch spoke in a most sincere and earnest way, urging the organization to be careful in endorsements it gives.

Another honor guest was Mrs. W. W. Wilson, of South Pasadena, who is state chairman of Founder's day. Mrs. Snow, of La Habra, chairman of committee on resolutions, presented a resolution which was adopted by the convention.

Talk by Mrs. Morris
Mrs. Earl Morris, of Santa Ana, national and state chairman of education, gave a short talk on program planning and spoke on the book, "The Child, His Nature and His Needs."

Mrs. W. W. Hoy, of Santa Ana, read the minutes of a called meeting of the executive board in the Garden Grove grammar school at 11:45 a. m., January 9. Mrs. Berry, of Huntington Beach, was elected to fill the office of parliamentarian in the place of Mrs. Roy Horton, of Santa Ana, who had sent in her resignation.

Beautiful bouquets of flowers were presented by Mrs. H. H. Pollard, president of the Garden Grove grammar school P.-T. A., in behalf of the Garden Grove high school and grammar school P.-T. A., to Mrs. J. Edmund Snow, district president, as a token of love and appreciation, and to Mrs. P. O. McCulloch, nominee for state president.

The meeting closed by all singing a P.-T. A. song.

Try Ainsley Fruits. We deliver. Anderson's, 205 E. 4th.

KIWANIS WELFARE WORK REPORTED

(Continued from Page 7)

I will not try to describe the suffering that those brave young ones have enduring in having their twisted and diseased limbs broken and reset time and again that they might walk as others do. Their happy faces and the hand clasp of appreciation from their parents is evidence to me that it is worthwhile.

"Our committee also has furnished medicine, ice, etc., which no doubt saved the life of a young girl who could not be moved to the county hospital. The money given to the preventorium, summer camp for tubercular children, in helping these children get well and strong, as well as that sent to Santa Barbara club for the work among their needy children during the earthquake, certainly was appreciated by the kind acknowledgements received."

Maintain Scout Troop

"Moral development: Your committee has kept up the work of the Boy Scout troop in the Orange county juvenile home. This troop is known as Kiwanis Scout troop, No. 5. It has been hard and discouraging work at times, to take a boy who has done more or less as he pleased at home, or rather on the streets, and during his enforced stay teach him to play the game of life from the Boy Scout standpoint. But their faithful attendance at the troop meetings, long after they have left the home, convinces us that it is worthwhile. We sent two boys to Camp Rokill for their vacation this summer as a reward for their good work in scouting after leaving the home."

"We also sent the following magazines to the home for next year so that they may have good reading: Boys' Life, American Boy, Popular Mechanics, Radio Magazine, Youth's Companion, National Geographic, The Farm and Fireside, The Country Gentle-

Every Girl Magazine, St. Nicholas and Child Life. "Moral Development: I will divide this into two divisions. (A)—This club has partially paid the expenses of an orphan girl through business college. I had a long talk with this girl a few weeks ago and while talking she said that she had been sick after graduation this summer, that she was well again and had a position and would soon be able to start to repay the money so that it could be used for some other girl. We also have given financial assistance to one of our own children in going through high school. (B)—Under-nourishment is one of the greatest handicaps in mental development. Your committee has furnished 1400 quarts of milk to the homes of some of our poorer families who could not buy milk for their children. We also furnished 6000 quarts of milk to the Mexican school. I am sure if you were to talk to the school nurse, as to how these children have benefited in health, and to the teachers, as to the improvement in their school work, you will want to continue this work."

LOS ALAMITOS

LOS ALAMITOS, Jan. 11.—The annual meeting of the Community church will be held at the clubhouse of the Los Alamitos Sugar company on Wednesday at 7:30 p. m. At this time, reports of the year's work will be given, and officers elected for the ensuing year. At 8:30 o'clock, the members and friends of the church, with their families, will participate in a pot luck dinner. All are asked to bring dishes, silver, sandwiches and a covered dish. A committee will prepare the tables and serve coffee.

Mrs. George Watts was called to Huntington Park last week by the death of her mother. Funeral services were held on Thursday, with interment at Inglewood.

Members of George Martin family were guests at the Robert Gilchrist home at Sunset Beach, Saturday.

Teel McClanahan and family moved last week from the City Garden Acres tract to the O'Connor bungalow on Chestnut street.

Mrs. Teel McClanahan and two

sons returned last week from spending two weeks with her mother at Modesto. While opening a fruit jar on Monday, Elmer Layton cut both hands severely. Mesdames K. V. Bennis and G. J. Strodthoff visited their mother, Mrs. J. Watts, at Gardena, Thursday.

Mrs. and Mrs. George Martin drove to their ranch in San Diego county, Tuesday.

Mrs. Dean Jewell and daughter, Evalene, left Friday for a visit with relatives in Canon City, Colo.

Ralph Norcross was in Los Angeles, Wednesday.

There will be a dance at the clubhouse of the Los Alamitos Sugar company, sponsored by the Woman's club, January 14. Mrs. Pearl Gill, Mrs. George Martin and Henry Condra attended the funeral of Mrs. Thomas Moseley at Huntington Park, Thursday.

An interesting session of the Woman's Improvement club was held at the Community church last Wednesday afternoon. Following the business meeting, which was presided over by Mrs. P. R. Campbell, vice president of the club, tea and wafers were served by the hostesses of the day, Mesdames Johnson and Johns.

The Allen family, who have been living on the City Garden Acres tract, have moved into the house formerly occupied by the George Heare family on Pine street.

LOST FIVE YEARS

BERLIN, Jan. 11.—After living as a Brazilian savage for five years, a sailor has just been given a pension. During the war he became a prisoner and escaped. He fell in with a tribe of Indians and for five years worked for them. It was just recently that he met some civilized men and learned that the war was over.

REACHES 100TH YEAR

TORONTO, Jan. 11.—Flora MacDonald, who celebrated her 100th birthday here, attributes her longevity and health to the fact that she is Scotch.

FISK AND GATES CORDS, 10x3/4, \$9.50. Gerwing's 312 N. Broadway.

Let Holmes protect your homes.

Kachoo! where's the MUSTEROLE

Years ago women broke up colds and congestions with a messy mustard plaster.

Now, with the first sneeze, they get out the jar of clean white Musterole. They know Musterole is better than the old-fashioned plaster, and does not blister.

Don't treat colds lightly. Pneumonia and influenza may follow. Take a little Musterole on your finger tips and massage the congested area. It penetrates with a soothing tingle and quickly pulls out all inflammation. You'll be surprised how soon the cold is gone.

Use Musterole, for sure relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains

and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet and colds on the chest.

Always keep a jar of Musterole handy as a sure precaution.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

HOW TO ANSWER BLIND

CLASSIFIED ADS
In answering blind ads, address (for instance, L. Box 36, Register, or other similar address), please be careful to give the precise address given in the ad. Write address plainly. Letters brought to the Register office do not require stamps. Always enclose your answer in sealed envelope.
If an advertiser who has made application for credit and opened an account with The Register Credit department in the regular form desires to have any "blind" advertisement published continuously "until further notice" he may do so by signing a statement to that effect. An advertisement thus begun will appear regularly until countermanded by written order.
BOX OFFICE REPLENISH
The Register post-office department is conducted for the benefit of patrons who wish answers to come to the office. Advertisers are furnished with identification cards which must be presented at The Register office. For the protection of our patrons, replies are not given out except on presentation of box card.
No record is kept of the names and addresses of patrons using The Register postoffice, and therefore information concerning these advertisers can be supplied. A charge is made for the words "Box A-24, care The Register."

DIRECTORS OF CITRUS GROUP ARE RETAINED

Placentia Orange Growers Hear Facts Concerning Groves in South Africa

FULLERTON, Jan. 11.—Re-election of 1925 directors to serve this year featured the annual stockholders' meeting of the Placentia Orange Growers' association, held in the high school auditorium, Saturday. They are E. D. Lang, E. E. Beasley, S. W. McColloch, H. G. Meiser, Louis Jacobsen, W. L. Hale and S. S. Twombly.

The proxy committee appointed by the president, Mr. Lang, comprised G. W. Finch, R. A. Marsden, A. S. Redfern, Ralph McFadden and F. O. Fahn.

A few remarks were made by the president, who urged closer co-operation between the growers. J. A. Prizer, secretary-manager of the association, in his report, spoke of the storage problem, announcing that the United States department of agriculture has assured its support to the organization, in carrying on a thorough investigation of methods of preventing decay of storage fruits. He praised the California Fruit Growers' exchange as the greatest co-operative organization in the nation, and presented a comprehensive idea of the service it furnishes the growers.

Grape Juice Is Stolen by Thief

OLIVE, Jan. 11.—Now that the "rug burglar" has pretty generally covered the county, authorities today turned their attention to the newest criminal—the "grape juice thief."

First appearance of the "juice bandit" was reported by Frank Maag, Olive rancher, who informed Constable A. F. Lankford that burglars had broken into a shed, stealing a quantity of grape juice valued at \$10.

The robbery occurred between 8 and 9:30 o'clock, while the family was away. The grape juice, kept in quart bottles stored in fruit boxes, was hauled away with box and all. It was reported. Entrance was gained by ripping the staples from the building.

Anaheim Bay Bridge To Be Repaired

SEAL BEACH, Jan. 11.—The condition of the Anaheim bay bridge was called to the attention of the board of trustees by W. K. Hilliard, city engineer, and he was instructed to draw up specifications for repairing the same.

The bridge was repaired two years ago at considerable expense to the city, but the east end is said to be in bad condition again.

An entirely new bridge would cost \$12,000 and it was thought best to repair the bridge for the present.

CHANGE DATE FOR OPENING OF H. B. BIDS

HUNTINGTON BEACH, Jan. 11.—For the third time in the past two months, the opening of bids for the erection of a \$500,000 high school building has been postponed.

Bids on the 14 items will not be opened tomorrow but will be opened January 13. The opening of the bids was first set for January 8. Later, the date was changed to January 12, and now, the school board has set the matter over for a period of six days.

The school boards were passed by the voters of the high school district August 15, last year. Since that time, plans for the school have been perfected by a corps of engineers working under Thomas Berry, local engineer employed by the school board, and the architects.

Two city ordinances are in the process of changing, at the request of the school board and the architects for the school building. One of the changes provides that high schools may be built under a class C building ordinance. The other change has to do with plumbing.

Women to Talk While Men Cook

HUNTINGTON BEACH, Jan. 11.—Oh, the poor men!

Men will cook, serve and wash the dishes at a banquet at the Christian church tomorrow evening. The men will also decorate the banquet hall of the church.

The dinner will be held at 6:20 o'clock and is being given in honor of the women of the church. All the women will have to do is sit about and talk.

FOSTER ELLIOT HEADS LAGUNA BEACH C. OF C.

LAGUNA BEACH, Jan. 11.—Foster Elliot, retired, one of the most prominent residents of Arch Beach, was elected president of the chamber of commerce at a meeting of the new directors, held Saturday afternoon. Howard G. Heisler, retiring president, was chosen as first vice president; Frank B. Champion, second vice president, and John L. Bricksels, third vice president. H. H. Henshaw, secretary for the unexpired term of Edward D. DeAlma, was chosen as treasurer. The selection of a secretary was left until the meeting of January 19, when the board will act upon a candidate for the position to be named by President Elliot.

At the election held last Wednesday, 13 directors were chosen. They were convened at the chamber of commerce building on Saturday and called to order by Vice President A. B. Marshall. In place of President Heisler, a vote was taken to add two directors to the board and Roy M. Ropp and George B. Dunham were named. The new members were sent for and a temporary organization formed, with Norman R. Rothman in the chair.

Mr. W. Peacock nominated Foster Elliot and there was no opposition. Mrs. H. R. Macbeth placed the names of H. G. Heisler, Frank Champion and John L. Bricksels in nomination for vice president and George S. Johnston nominated H. H. Henshaw for treasurer.

The first regular business meeting of the new board will be tomorrow evening at 8 o'clock. After a short session, the board will adjourn to the Tea and Tiffin, where the first annual inaugural banquet will be held and President Elliot and the other officers formally installed. H. G. Heisler will preside. Brief reports will be read from various committees.

Stockholders Of Hotel Will Meet

FULLERTON, Jan. 11.—Stockholders of the Community Hotel company of Fullerton, which owns the Community hotel, will hold their annual meeting in accordance with the by-laws of the organization, in the reading room of the Business Men's club, January 20. Convening at 8 o'clock, the session will be devoted to election of directors and the transaction of any other business which may come before the stockholders at this time. Dan O'Hanlon, secretary of the company, will report his report and balance sheet for the year.

A number of friends and relatives were invited to help Mr. and Mrs. Gallienne and Mr. and Mrs. Riley enjoy their respective anniversaries.

GIANT COSTA MESA COP KEEPS SPEEDERS GUESSING

Here is Frank Vaughn, recently appointed to nab speeders in the Costa Mesa district. Vaughn weighs 263 pounds and stands six feet three inches in his stocking feet. He established what is believed to be a state record when he arrested 89 persons in nine days' time.

BEACH CHAMBER SPONSORS DINNER USES 2 VEHICLES TO NAB SPEEDERS

HUNTINGTON BEACH, Jan. 11.—More than 100 business men with their wives are expected to attend the community meeting which is being sponsored for January 19 by the chamber of commerce. The affair will be held in the Obarri banquet hall.

A 6:30 o'clock dinner will be served, followed by a program of musical selections and speaking. Arrangements were being made for a speaker today by J. A. Armitage, secretary of the chamber. Will H. Gallienne, manager of the municipal band, and Harry G. Webber, director of the band, have been placed in charge of the musical program.

A public forum, during which matters of importance to the city, will be discussed is expected to draw a large number of citizens to the meeting.

2 H. B. Marriage Anniversaries Are Celebrated

HUNTINGTON BEACH, Jan. 11.—Two wedding anniversaries were celebrated here last week. One of the events took place at the home of Mr. and Mrs. A. A. Riley, who observed their 25th wedding anniversary, while the other was at the home of Mr. and Mrs. H. A. Gallienne, who observed their 35th anniversary.

A number of friends and relatives were invited to help Mr. and Mrs. Gallienne and Mr. and Mrs. Riley enjoy their respective anniversaries.

EL MODENA Center to Meet

EL MODENA, Jan. 11.—Community singing will feature the regular meeting of the El Modena Farm center, at the El Modena school house tonight, according to the program announced by J. M. Brubaker, president.

A good social time planned for all. Besides community singing, the entertainment program will include motion pictures of Napa county, Brubaker announced.

Only a short business session will be held. The meeting is called for 7:30 o'clock.

10-Acre Orange Grove Subdivided

TUSTIN, Jan. 11.—Recent real estate activities in the Lemon Heights section include the subdivision of a 10-acre orange grove by H. R. Taylor, local nurseryman. The land has been cut into one-half acre groves. Taylor reports that during the past week, several lots have been sold.

Archie Fewell, of the Tustin Cement Pipe company, was the purchaser of a one-half acre orange grove in the same district last week. Fewell will start work in the near future on a new home which will cost about \$5000.

EL MODENA

EL MODENA, Jan. 11.—The intermediate C. E. of the Friends church, elected officers last week. The results were as follows: Hershel Snyder, president; Lynvieve Paddock, vice president; Rudy Gray, secretary; Tyson, treasurer; Kenyon Moody, quiet hour superintendent; Lena May Wilsey, social superintendent; Dorothy Bartley, choir leader; Eula Stanfield, pianist.

Mr. and Mrs. Pearl Tush and daughter, Freda, attended a birthday surprise party recently for Mrs. Tush's sister, Mrs. J. N. Strawn, of Fullerton.

A Paul and Henry Stoner are here from Imperial, visiting their parents, Mr. and Mrs. George Stoner.

Mr. and Mrs. Joseph Bricksels and Billy attended a birthday surprise dinner at El Toro last week in honor of Mrs. Bricksels' father, E. S. House, who celebrated his 58th birthday. Before moving to El Toro some five years ago, Mr. and Mrs. House lived here for 17 years. There were four generations represented at the party. The following participated: Mr. and Mrs. Charles Wheaton and granddaughter, of Redlands; Mr. and Mrs. George Hull and daughter, of Los Angeles; J. E. House, Ray Benson, of El Toro; Mr. and Mrs. Joseph Bricksels and Billy, of El Modena.

Mr. and Mrs. J. P. Tush and daughter called on the L. O. Law family, in Orange, last week. Elwood Paddock went to Watsonville on a business trip Wednesday.

A goodly number of members of the Friends church went to Orange Thursday evening to wish Mr. and Mrs. W. D. Granger good luck on their trip to Hawaii. They expect to spend some time on the islands in the hope it will benefit Mrs. Granger's health. Refreshments of cocoa and cake were served. The following were present: Rev. and Mrs. E. J. Coburn, Mr. and Mrs. John Hayden, Mr. and Mrs. L. F. McCollum, Mr. and Mrs. Johnson, Mr. and Mrs. John Broad, Mr. and Mrs. George Carlton, Mr. and Mrs. J. M. Brubaker, Mr. and Mrs. John Turner, Mr. and Mrs. Dickerson, Mr. and Mrs. Crotts, Mr. and Mrs. Lutz, Mr. and Mrs. Lee Barnett, Mr. and Mrs. Haist, Mr. and Mrs. Schultz, Mrs. Moody, Mrs. R. Mapson, W. F. Crist and the honorees, Mr. and Mrs. Granger.

Friday, Mr. and Mrs. J. P. Tush went to Norwalk to visit their former neighbors, Mr. and Mrs. H. V. Holmes.

BEACH CITIES MAKE PROTEST AGAINST SEWER

HUNTINGTON BEACH, Jan. 11.—Another effort to get inland cities now using the outfall sewer, which empties into the ocean between this city and Newport Beach, to cooperate in the matter of septic sewage before it passes into the outfall sewer, will be made by the South Coast association, it was announced today by J. A. Armitage, president of the association, and secretary of the local chamber of commerce.

Several efforts have been made to get inland cities to remedy a condition which now exists at the mouth of the Santa Ana river on the coast of Orange county. The condition at the mouth of the river is so bad that recently the beach was condemned for a considerable distance on either side of the river. The two beach cities, Newport Beach and Huntington Beach, declare that the inland cities, when they asked for permission to put in the sewer line, promised to place septic tanks on the line. This has not been done, according to the officials of the two beach towns. The matter has also been referred to the state officials for action.

The appointment of a committee of five to make plans to carry out the proposed Canadian advertising tour next summer was appointed at the South Coast association meeting at the Newport Harbor yacht club, Friday. The tour will tend to advertise all of Orange county, and it is understood that several inland cities, including Santa Ana, will send representatives on the tour.

A resolution supporting the railroads' plan for a union depot in Los Angeles, was passed by the association.

El Modena Farm Center to Meet

EL MODENA, Jan. 11.—Community singing will feature the regular meeting of the El Modena Farm center, at the El Modena school house tonight, according to the program announced by J. M. Brubaker, president.

A good social time planned for all. Besides community singing, the entertainment program will include motion pictures of Napa county, Brubaker announced.

Only a short business session will be held. The meeting is called for 7:30 o'clock.

10-Acre Orange Grove Subdivided

TUSTIN, Jan. 11.—Recent real estate activities in the Lemon Heights section include the subdivision of a 10-acre orange grove by H. R. Taylor, local nurseryman. The land has been cut into one-half acre groves. Taylor reports that during the past week, several lots have been sold.

Archie Fewell, of the Tustin Cement Pipe company, was the purchaser of a one-half acre orange grove in the same district last week. Fewell will start work in the near future on a new home which will cost about \$5000.

Want P. E. Cars to Leave Every Tour

HUNTINGTON BEACH, Jan. 11.—A movement which, if carried out successfully, will result in Pacific Electric cars leaving Los Angeles for Newport Harbor district and Huntington Beach at regular intervals of one hour on a direct run, is being promoted here today by the local chamber of commerce.

Pacific Electric cars, at the present time, leave Los Angeles at various hours, so that persons traveling to the city have to carry a time table with them to tell what time to catch a return train. The chamber of commerce here is also advocating a faster service between Los Angeles and Orange county beach towns.

YORBA LINDA

YORBA LINDA, Jan. 11.—Mrs. Grover Hermes and children, of Glendale, arrived on Wednesday afternoon to spend the week with her mother, Mrs. E. Gilman.

W. C. Wilson was here Thursday from Whittier.

The many friends of Mrs. J. T. Hurley, who recently underwent a major operation at the Glendale Sanitarium, will be delighted to learn of her steady improvement.

Charles A. Zellner left Friday morning by auto for Three Rivers, New Mexico, to look after some real estate interests at that point. He expects to remain away two or three months, returning to Yorba Linda about the first of April.

Miss Elizabeth Sangster, of San Diego, is spending the week with Miss Ester Morris.

Former Ball Star To Sign Bonds

LAGUNA BEACH, Jan. 11.—Purchasers of the Laguna Beach County Water District bonds will have the privilege of looking at the signature of one of the world's most famous baseball stars, Clifford C. (Gavy) Cravath, who now is in the real estate business in Laguna Beach. At the meeting of the water board, Mr. Cravath was elected as auditor. For this honor, the man who preceded "Gavy" Ruth as home run king will have to affix his "John Henry" to 600 bonds of \$1000 denomination each.

LYNWOOD MEN BUY ACREAGE NEAR CYPRESS

CYPRESS, Jan. 11.—W. Arp recently sold his chicken ranch in Lynwood and has purchased five acres of the Schultz ranch, located on Lincoln boulevard, just west of Hansen road.

Mr. Arp paid all cash for this land. Mr. and Mrs. Arp will make an extended visit to Europe, returning sometime in the late summer or fall. He will then improve the ranch, as he has architect's plans for a model chicken ranch, which will cost about \$3000.

Mr. Arp has sold his chicken ranch, located at 206 West Burton street, Lynwood, and has purchased the C. E. Wilcox five acres adjoining the five acres recently purchased by R. Walton, of Long Beach.

Mr. Moss and Mr. Arp are old friends and experienced chicken ranchers.

Friday, Brogman and Sconce handled the deals.

Navy Plane Dusts H. B. Light Globes

HUNTINGTON BEACH, Jan. 11.—Persons along the beach held their breath Saturday as a huge U. S. Navy seaplane grazed the electric light globes on the pier.

The pilot of the plane had evidently failed to note the light standards on the pier until he had passed over one of them. Had he not raised his plane immediately, he undoubtedly would have struck the light standards on the west side of the pier.

The plane was traveling toward San Pedro. The ship violated a city ordinance, which prevents planes flying within 400 feet of the ground. The number of the seaplane was not secured.

Elect Methodist Officers Jan. 14

HUNTINGTON BEACH, Jan. 11.—Officers of the Sunday school of the Methodist church will be elected at a meeting of officers and teachers Thursday evening. It was announced today. The teachers and officers will meet at the church at 7:30 o'clock.

Plans for a mothers' council were discussed at a meeting of the mothers and teachers of the Methodist church today. A plan of co-operation between the parents and teachers of the Sunday school was outlined by those present.

Sunday School Heads Selected

HUNTINGTON BEACH, Jan. 11.—P. W. Elliott was elected general superintendent of the Sunday school of the Christian church at the annual general election of officers here, recently. The Rev. J. G. Hurst was selected as assistant superintendent. Mrs. D. R. White is the superintendent of the cradle roll department of the Sunday school. Other officers of the department are Conrad E. Worthey, general secretary; Miss Anna Jones, general secretary; Miss Nella Harvey, rolling secretary; D. V. Hearn, treasurer; Miss Hazel Rardin, pianist.

IRVINE

IRVINE, Jan. 11.—Mr. and Mrs. John Ryan visited Mr. and Mrs. A. Ross, recently.

Mr. and Mrs. Tom Le Bard and son, James, of Brea, visited Mr. and Mrs. John Le Bard, Thursday evening.

Mrs. Ida King and son, Harold, and Dave Richards, of Tustin, have gone to the northern part of the state, where they will buy ranches and farm.

Mrs. J. A. Ross and daughter, Lulu, of Irvine, and Mrs. Glen Wells and daughter, Glenary, of Santa Ana, were dinner guests at the home of Mrs. Tom Le Bard, in Brea, Friday.

Mrs. O. A. Daugherty is suffering from a severe cold. Harry Harkleroad motored to Santa Ana, Thursday.

\$40,000 WILL BE EXPENDED ON STRUCTURE

Committee Appointed to Arrange for Financing; Spanish Type Favored

COSTA MESA, Jan. 11.—Plans have been started for the construction of a \$40,000 edifice and gymnasium for the Costa Mesa Community Methodist Episcopal church. Dr. C. M. Crist, district superintendent of the San Diego district called a meeting last week and the decision was made when F. O. Ross put the motion, seconded by O. D. Van Dyke. A committee composed of Ross, A. E. Spaulding and the Rev. Olsson was appointed to work out plans of financing.

Architectural plans provide for a structure somewhat on the Spanish type to harmonize with the Costa Mesa school building and to comprise the nucleus for a civic center. Preliminary sketches call for an auditorium to seat 432 persons, with a small gallery to hold 75 more; a chapel off the auditorium to seat 125 and with an upper floor, both to serve as Sunday school rooms. The gymnasium will cost \$6000. The old edifice will be remodeled.

The present church has long been taxed to capacity by the increase in membership. The recent sale of the old church property and the acquisition of a new and larger site near the school has given the church people ample room in which to expand.

NEW CHURCH FOR ANAHEIM PLANNED

ANAHEIM, Jan. 11.—Plans are announced for the erection of the first unit of a brick church building which the People's church organization of this city plan to build on the corner of North Los Angeles and Wilhelmina streets. The structure, upon which work will commence within the next 10 days, is to cost approximately \$3500, it is stated.

The building is to be erected at the back of the lot and will be 50 by 60 feet in floor space, providing an auditorium with a seating capacity of approximately 300 and four Sunday school rooms. Folding doors will separate the Sunday school rooms from the auditorium, permitting their use in connection with the church service when necessary.

When the entire church is completed in accordance with plans now formed, the unit now contemplated will serve as a social hall, it is stated. It is planned to build the entire building of brick, with, perhaps, a stucco exterior.

Mrs. Hummel will sing before club.

HUNTINGTON BEACH, Jan. 11.—Mrs. Hazel Launders Hummel, of Hollywood, formerly of Santa Ana, will be the main attraction at the meeting of the Woman's club here tomorrow. The meeting will open at 12:30 o'clock with a pot luck luncheon.

Mrs. Hummel was secured to sing through Mrs. Dale M. Peters, head of the music committee of the Woman's club. She will be accompanied by a flutist and a pianist. The program promises to be one of the best presented at a meeting of the Woman's club.

Mrs. D. R. White, chairman of the hostess committee, will be assisted by Mrs. L. W. Blodgett, Mrs. H. F. Gramlich, Mrs. C. A. Johnson, Mrs. S. H. Davidson, Mrs. E. Eberly and Mrs. J. Tinsley.

Father of City Clerk Is Killed

FULLERTON, Jan. 11.—E. A. Brockman, purchasing agent for the city of Fullerton, received word Saturday morning that his father had been killed by a train at River-ton, Illinois, earlier in the day. No further particulars of the tragedy were given.

Who Is Your Skinny Friend, Ethel?

Tell him to take Cod Liver Oil for a couple of months and get enough good healthy flesh on his bones to look like a real man.

Tell him, it's the only way to take those grave-like hollows from his cheeks and neck.

Tell him he won't have to swallow the nasty oil with the nauseating food taste because McCoy's Laboratories of New York, are now putting up Cod Liver Oil in sugar coated form.

Ask for McCoy's Cod Liver Oil Compound Tablets. White Cross Drug Co., C. S. Kelley Drug Co., Maters', and every drugist sells them—40 tablets—80 cents. Any man or woman can put on five pounds of healthy flesh in 30 days or your druggist is authorized to refund the purchase price.

One woman put on 15 pounds in six weeks. Children grow robust and strong—feeble old people feel younger in a few weeks.

Be sure to get McCoy's, the original and genuine and avoid imitations.

Here are some things you may not know about your laundry

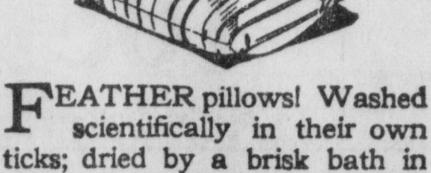

Do you know of all the many little special helps we can give you?

why you ever tolerated dingy curtains, even for a day.

THOSE heavy winter blankets, for instance. We have a special process which will make your blankets as soft, and warm, and fluffy as when new—and it costs but a trifle.

WASH rugs, too—washed in rainsoft water, with pure mild soap; carefully finished; returned to you so bright and clean that they're a real delight once more.

AND those curtains—we have a method of washing them carefully, drying them to measure without hooks or pins—returning them so crisp and fresh and inviting that you'll wonder

FEATHER pillows! Washed scientifically in their own ticks; dried by a brisk bath in warm, fresh air, returned to you sweetly clean, plump and downy. A moment at the phone, and our representative will call to explain all of these handy helps in detail. You'll find our number just below.

VERY LARGE RED PIMPLES

On Face and Neck. Lost Sleep. Cuticura Heals.

"My face and neck were affected with pimples that were very large and red and festered. The pimples itched and burned so badly that I scratched them, causing them to bleed. My face was disfigured, and I could not sit still one minute on account of the irritation. I lost my sleep at night on account of them. The trouble lasted for weeks.

"I began using Cuticura Soap and Ointment and in a day or so felt better. I continued the treatment and in a short time I was completely healed." (Signed) Miss E. Pederson, R. 3, Box 496, Portland, Ore., Aug. 18, 1925.

Use Cuticura to heal skin troubles. Soap, 25c. Ointment, 25c. and 50c. Tubes, 25c. Sold everywhere. Sample each free. Address: Cuticura Laboratories, Dept. 2, Malden, Mass.

A CURE

for any and all of your sickness is something you have in your own mind being anxiously waiting to be liberated. Don't look on the outside for this cure. Don't expect someone to give it to you. All you have to do to make use of your own cure is to release the pressure on the nerves either where they leave the brain and go into the spine, or where they leave the spine and go into the body. Once released, this mighty force within your own body will cure any sickness or disease you may have, unless the region the involved nerve controls has been completely destroyed. If so, nothing on earth will grow it back to normal. It is for this reason, we say undergo an examination at once before it is too late. Give your body half a chance to do its work in the right way. It will not fail you.

Why do conditions such as Influenza, Pneumonia, Stomach, Liver and Kidney Trouble, Rheumatism, Lumbago, Costiveness, Intestinal Congestion, Nervousness, Headaches, Loss of pep or energy, Tiredness and any other sickness you may think of respond so quickly and painlessly to Chiropractic adjustments? Because, we as Palmer Chiropractors simply realize that by the restoration of normal nerve function through these adjustments of the spinal bones that pinch the nerves, your body can and does effect an absolute and complete cure. Simply release the impinged nerves which are causing your trouble and leave the body alone and it will cure the effect or sickness.

When you go to a Chiropractor insist that an X-Ray be taken so that the work given you will be specific, as it is foolish to rely upon guesswork when your body and health are at stake. Come to our office, we will gladly take an X-Ray of your spine, bearing your name, and explain the exact cause of your trouble in detail. This is free and leaves you under no obligation, but is only to show you how to get well the pleasant, easy way.

If You Are Ailing in Any Way Take Advantage of the

SEERESS TELLS WHAT STARS WILL BRING FORTH DURING YEAR 1926

FAMOUS BASILICA FEARED IN DANGER

ASSINI, Jan. 11.—People at Assini and near-by Perugia are anxious about reports that the famous basilica of St. Francis, in the former town, is in danger.

Signor Alfonso Brizi, the son of the man who in recent times built the crypt for the church, denies that there is any truth in the report. Special wedge-shaped stones, he states, were used by his father in view of the lean in the upper church. Architect Brizi, says his son, knew perfectly well what he was about when he undertook the work of building the modern crypt, and used these coniform stones to resist the effect of the lean. Professor Gino Luigi Martelli, director of the academy of fine arts in Perugia, supports the opinion given by the son of the architect Brizi. There may be a danger, theoretically, he has declared, but practically none exists.

The present year will mark the seventy-fifth anniversary of the two oldest branches of the Y.M.C.A. in America, one organized in Montreal in November, 1851, and the other in Boston a month later.

American People Will Be Content and Peace Will Prevail

WASHINGTON, Jan. 11.—List to the words of the prophetess! "The air will be filled with flying ships, our people will be content, peace will soothe all nations, the sellers and the buyers of acres in the land of flowers will prosper, the Prince of Wales will marry and death will strike a great king."

These are a few of the things that will happen in 1926. Just wait and see. If you have any superstitions at all, if you ever crossed a Gypsy's palm with silver, or watched your step on Friday the 13th, or knocked on wood, or gazed in a mirror on Halloween—here may be a chance to justify your faith in the supernatural.

Just Wait and See And if you are a skeptic and say all fortune-telling is the bunk, maybe these predictions will prove your points. In either case, this forecast will be interesting to check on a year from now if you have saved it. The seeress is Mrs. Martha Spencer, one of the best known consultants in things occult in the nation's capital. Her method is astrology, coupled in personal readings with psychology. She has been asking the stars about the new year.

"The influence of Venus will be predominant and controlling almost throughout 1926," says Mrs. Spencer. "That means peace, quiet and prosperity everywhere, as far as it is possible to generalize for the whole world. The signs are wonderfully favorable for America in particular."

On World Court "The U. S. senate will not agree to our joining the world court without very extreme reservations. The administration tax bill will be adopted by the senate with but little change from the way it was passed by the house, and the people will like it."

"There will be upheavals in both the war and navy departments, particularly in the navy. I should not be surprised to see the heads of both these departments changed."

Colonel Mitchell will be recognized more than ever as an able patriot. Out of his agitation will develop an air service which will be equal to any on earth."

"The Prince of Wales will be married in 1926. I can not tell exactly who his bride will be, but she will be a princess from one of the smaller nations of Europe."

"A king will die in 1926. He is popular and the head of a great nation. His successor will not void the influence he does, and democracy will progress by his passing."

"Russia will be granted recognition by the United States."

Farms to Prosper "Crops will be bountiful, and farmers will prosper more than they have for several years. Business conditions generally will be better than they were in 1925."

"A French debt settlement will be agreed upon in 1926."

"The Florida boom will continue throughout the year. I think it has two years yet to go. After that will come a slump."

"It will be a year of discovery of new talent and of unusual accomplishment in literature and art. In the theater they will put on a few more clothes, but there won't be any modification of snappy lines."

"President Coolidge will not be elected president again. His successor will be a Republican."

And that is the future according to Martha Spencer. You can take it or leave it.

In the early days the French sometimes began the year with Christmas, December 25th, and sometimes with Easter, which, being a movable feast, led to much confusion. In 1564, King Charles IX decreed that the year should begin January 1st.

The island of Yap, which has suffered from a severe storm, is by far the most important cable station in the Pacific. It has a branch of the American Pacific cable to the Philippines, and has branch lines radiating to Japan, to Shanghai and to the Dutch East Indies.

PORT WINE CALLED TEMPERANCE DRINK

LONDON, Jan. 11.—Port wine is considered a tee-totaler's drink.

This, at any rate, was the assertion made in the house of commons during the course of a debate regarding the use of government stamp books as a medium of carrying advertisements of a port wine.

J. Hudson, Socialist member from Huddersfield, rose to demand the elimination of the advertisement from the stamp book. He referred to the advertisement as advocating the drinking of "a highly poisonous and expensive material."

"I gather," commented another member, "that Mr. Hudson is not aware that port wine is universally considered the tee-totaler's drink in Lancashire."

The remark was greeted with loud laughter by the house and cries of "No! No!" from Lady Astor.

Gold Sovereign Would Weigh Ton On Strange Star

LONDON, Jan. 11.—In the tiny star known as the Companion of Sirius, discovered by Alvan Clark of New York, in 1862, the universe has a mysterious body of such tremendous mass or gravitation that a match there would weigh 60 pounds and a gold sovereign would weigh a ton. Its force of gravity is 200,000 times that of the earth, although its size is no bigger than a mere planet.

Sir Oliver Lodge, giving the "Huxley lecture" before the Charing Cross Hospital medical school, cited this all-powerful little star, capable of distributing periodically that vast colossus of the heavens, Sirius, as an example of one of the stages in the mysterious evolution of the universe.

"The beginning of our own little world was the formation of nebulae 2000 million years ago," said Sir Oliver, "and I may add that this date is no mere guess. The end of the world apparently will be the disappearance of all the familiar matter around us and the existence once more of an ether filled with perpetual remnants of radiation, traveling toward infinity with the speed of light; this will take place at a date incomparably more remote than any I have mentioned."

St. Dunstan's has provided the first blind student to win a Rhodes scholarship at Oxford university.

A QUICK END TO LICE AND MITES

It is easy to rid poultry houses of mites, and keep the flock free from lice without the trouble of spraying, dusting, dipping or greasing. This is done by using occasionally a tasteless, odorless and colorless preparation called Limlim in the fowls' drinking water. This amazing product seems to get rid of lice and mites almost by magic in a remarkably short time, yet it does not affect the fertility nor the taste of the eggs or flesh and is beneficial to the flock.

If your chickens are bothered with lice and mites you are urged to use Limlim on a basis of satisfaction or money back. A full season's supply for the average flock may be had for only \$1.00 (cash or collect on delivery, plus fee) from the F. G. Webster Co., Dept. 205, 2812 Forest Avenue, Kansas City, Mo. In addition they will also send you free a package of In-cure-so, a splendid tonic that helps to make healthier birds and increase egg production during cold weather. If you want to get rid of lice, mites and other blood-sucking pests take advantage of this fully guaranteed offer today. It should mean healthier, happier fowls and a greatly increased egg yield.—Adv.

Wiesseman's January Clearance Sale!

The one important sale of Household Necessities this season and the greatest in the history of Wiesseman's Greatest Reductions—Greatest Savings

Santa Ana is full of sales, but it remains for Wiesseman's to give the housekeepers of Orange county a remarkable opportunity to buy China, Glassware and Kitchen Utensils at extraordinary savings. GROCERY STORES

A TRAIN LOAD 12 MILES LONG

45,000,000 Pounds Representing 1500

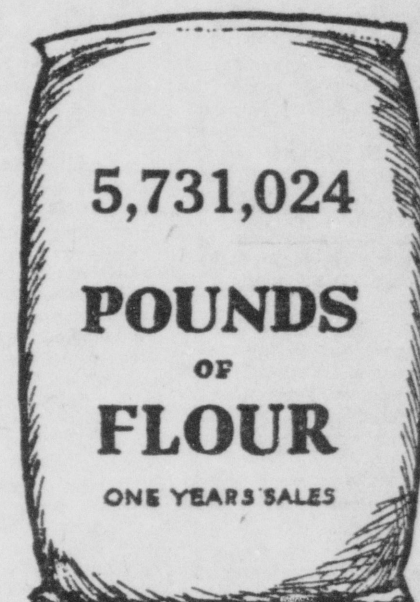

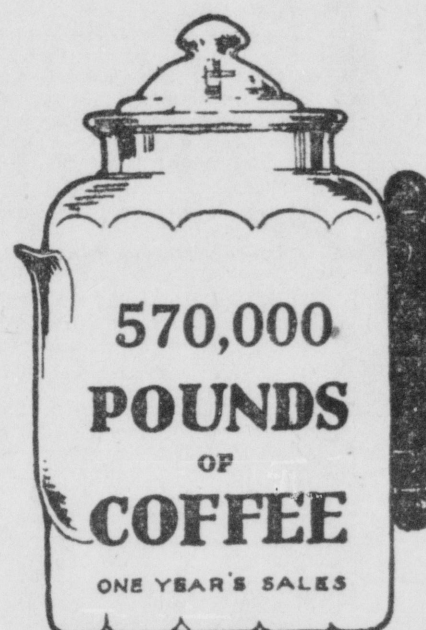

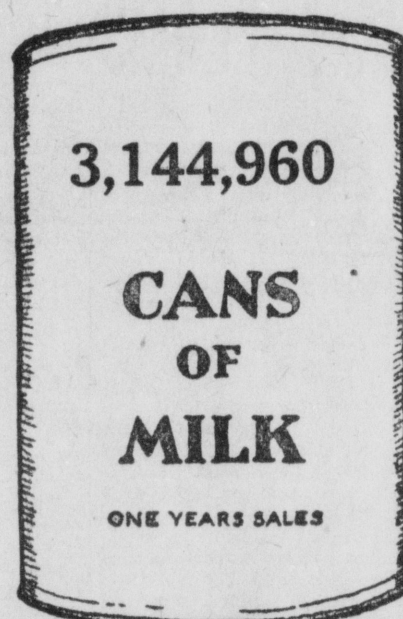

Carloads of Eatables or 70 Tons Daily

This Was Our Volume in 1925

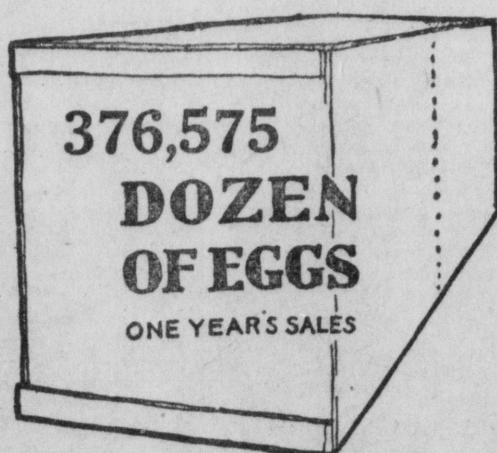

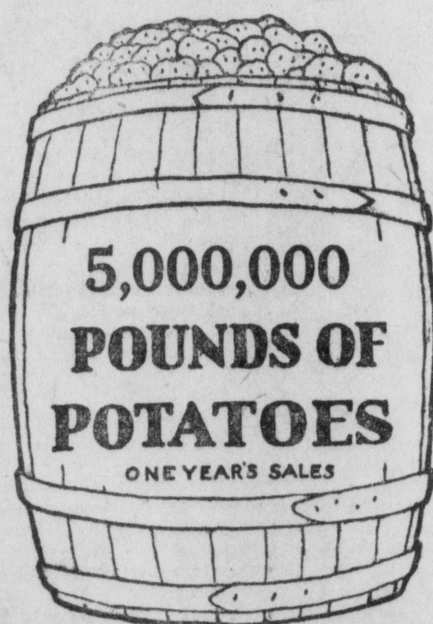

Our organization has just closed one of the most successful years in its history. We find it is very hard for the general public unaccustomed to mercantile affairs to realize the impressive volume transacted by an institution such as ours.

The distributing machinery needed to handle Daley's business is represented by a modern warehouse and baking plant, a fleet of 35 trucks and trailers, a fleet of touring cars, 165 modern food stores, an organization of 375 employees.

The secret of low prices in foodstuffs is in the Turnover. The greater the sales, the smaller the profit required. It is this fact that automatically operates to keep tonnage constantly increasing.
JOE DALEY, President.

\$550,000 PAYROLL FOR 1925

Higher Bread Prices Expected Within Few Days

By Universal Service

Chicago, Dec. 29.

BREAD may cost more before many days.

Flour is going up. Best grades passed the \$10 a barrel mark at the Minneapolis mills according to quotations received here today.

Back of it is the increase in the price of wheat.

Farmers of the Northwest are getting \$1.75 to \$1.85 a bushel for wheat, which means bakers will have to raise the price of bread if flour prices continue to advance.—L. A. Examiner.

High School Track Candidates Report

ANNUAL CLASS MEET WILL BE FIRST FEATURE

Walter Scott Named Coach; Paul, Broad Jump Star, Is Probable Captain

BACK and field candidates of the Santa Ana high school will begin digging their spoked shoes into the Poly cinder path in earnest this week and Walter Scott, ready to take over his first major coaching task here, will outline plans for the history of the busiest seasons in the history of local athletics.

Ray Addison, for the past five seasons director of track activities, has given up coaching major teams and will direct only Class C and Class B squads. His successor, comes here from Ohio where he achieved considerable success in the tutoring game. The new pilot handled Poly's classy little Class C grid squad that suffered only one defeat last fall.

Although it is early in the season and many athletes are working with "Chuck" Winterburn's basketball squad, twenty-three men already have reported for the season. Many more are expected as the season progresses. During the past week such men as "Howdy" Paul, "Pete" Twist, Jerry Heard, Harold English, Harvey Bear and Robert McKean donned suits. All these are experienced tracksters.

Hold Class Meet Soon

Traditional inter-class track events, which annually mark the beginning of cinderpath competition, will be held early in February, according to Scott. The seniors appear to have the edge this year. Last year, as juniors, they romped away with the first honors and while they may expect stronger opposition from the sophomores and juniors this time, their victory is virtually assured.

Instead of holding dual meets with every high school in the Coast Preparatory league, as was done in 1925, Santa Ana will participate only in the league's one big meet at Pasadena this season. This affair is billed for April 17 and the best tracksters from San Diego, South Pasadena, Glendale, Whittier, Alhambra and Santa Ana will be entered.

A tentative list of meets for the season follows:

February 19—Pomona freshmen vs. joint high school and junior college team at Claremont.

February 20—San Bernardino relay carnival at San Bernardino.

February 26—Whittier or Anaheim at Santa Ana.

March 5—Fullerton at Santa Ana.

March 12—Tustin and Compton at Santa Ana.

March 20—Annual South Counties meet at Huntington Beach.

March 25—San Pedro at Santa Ana.

April 17—Annual Coast Preparatory league meet at Pasadena.

April 27—Southern California interscholastic track meet.

Paul Is Hope

Much of Poly's hopes for a championship rest with little Howard Paul, the flashy broad jump jumper, who probably will captain the squad. Paul holds the Santa Ana high school record for all time in this event at 22 feet, 11 inches. He is better than that in practice and is consistently good for more than 22 feet in competition. Paul finished second in the All-Southern at Los Angeles last year and also in the state meet at Stanford University. In addition to his broad jumping skill, the little athlete can romp a mean flight of low hurdles and scamper a fast 100 yards. He is one of the best all-around tracksters in Santa Ana's history.

Some of the men who will compete in the dashes are Harvey Bear, Judson Riley, Victor Vosea, Francis Norton, Terry Stephenson and Everett Berry. In this galaxy, Bear looks best for the century. He can clip it off in close to 10 flat. Again clip in the 220 and 440 there will be strong material. Bear, English and Twist are leading candidates in these races.

Charles Winters showed possibilities in the pole vault last season. He ought to consistently better 10 feet this year. Armando Oberlin also pole vaulted last year. Three new athletes, as yet untried, are candidates. They are Jack Blakeney, sophomore from Julia C. Lathrop junior high school, and John and Manley Moffat, new students from Kansas.

Brothers Are Candidates

The Moffat brothers also are listed for the high jump. John is a sophomore and Manley is a junior, so they will be welcome additions for next year's team. Harold Breed-

Billy Evans Says

Speed is not the greatest asset in sailing horses. While speed is important, other essentials are even more so.

The American League averages, recently published, offer some interesting data along these lines. The figures show that Fred Haney, recently traded by Detroit to Boston, made 12 attempts to pick for bases last season and succeeded 11 times. That is a mighty fine average.

Now Fred Haney is not a speed merchant and he wouldn't be classed as slow of foot. But Haney is smart. He gets a big lead, uses a deceptive slide and has the faculty of picking his spots.

Then there is Roger Peckinpaugh and Ray Schalk. Both are veterans and neither one is fleet of foot, yet Peck put over 13 steals in 17 attempts, while Schalk made it 11 out of 16.

On the other hand, Al Simmons, star of the Athletics, who is very fast, beat the ball only seven times out of 21 tries. Charley Jamieson of Cleveland was flagged more than any other sprinter, 18 times out of 32.

Al Simmons is much faster than Haney, Schalk and Peckinpaugh, yet his base-stealing record wouldn't make it seem so.

Simmons, already a shining star in the American League, will be even more valuable when he learns to make use of his natural speed.

USE OF RESIN

I am rather surprised that the National League is anxious to again permit pitchers to use resin. It would be a distinct step backward. Not that there is any great harm in the use of resin; it is the path to trickery that it opens.

When the major leagues legislated all forms of trick pitching out of the game it was almost criminal the methods to which many pitchers resorted. Every possible form of cheating had crept into the game as a result of the efforts of the pitchers to increase their effectiveness. It got to be so bad that every time a pitched ball broke sharply the batter insisted on having the umpire not only inspect closely but use his sense of smell as well in an effort to determine what foreign substance was being used on the ball.

Nothing disgusts the public more than seeing an umpire, batter and pitcher do a Sherlock Holmes stunt on every pitch. The fans want action.

The slowing up of the ball was a step in the right direction. It might be made even less lively. It is much better to get the pitcher back on even terms with the batsman through the medium of honest methods. Legalizing the use of resin would be a step in the other direction.

The major league umpires, prior to the start of every game, so remove the gloss from the ball that there is no reason for the pitcher making a complete on that score.

TRICK PITCHING

Even with the lively ball, pitchers with good stuff managed to hold their own fairly well. The pitcher with plenty of speed and curves, plus the ability to work intelligently, has kept up his average despite the handicap of the "rabbit" ball.

Take Walter Johnson, for instance. When trick pitching was at its height he spurned the thought, "I don't care to win ball games dishonestly and, incidentally, I might kill some one if one of the doctored balls failed to behave as I would have it," said Walter.

The trick pitchers were those who resorted to trickery to overcome their lack of the necessary stuff. I recall one pitcher who, after being counted out, came back for several big years, due to illegal methods.

SANTA ANA TENNIS PLAYERS LOSE CLOSE TOURNAMENT TO ARROYO SECO NET STARS

In the most sensational series of matches ever played here, the Santa Ana Tennis club dropped a tournament, 5 to 4, to the Arroyo Seco Tennis club of Los Angeles on the high school courts here yesterday. The first string doubles decided the tournament, the visitors winning from Johnny Cress and Don Jensen.

Whoops Whee!

Some of the men who will compete in the dashes are Harvey Bear, Judson Riley, Victor Vosea, Francis Norton, Terry Stephenson and Everett Berry. In this galaxy, Bear looks best for the century. He can clip it off in close to 10 flat. Again clip in the 220 and 440 there will be strong material. Bear, English and Twist are leading candidates in these races.

Charles Winters showed possibilities in the pole vault last season. He ought to consistently better 10 feet this year. Armando Oberlin also pole vaulted last year. Three new athletes, as yet untried, are candidates. They are Jack Blakeney, sophomore from Julia C. Lathrop junior high school, and John and Manley Moffat, new students from Kansas.

HARRY COOPER WINS \$10,000 GOLF CLASSIC

Texas Professional Shoots 67 on Last 18 to Defeat Von Elm Three Strokes

LOS ANGELES, Jan. 11.—Their duties in Southern California finished for this season, more than 50 of the nation's greatest golfers departed from Los Angeles today, bound for San Antonio, Tex., to win more laurels in the Texas open to be held there the latter part of the week.

With the departure of these noted followers of the ancient Scotch game, Southern California golf fans bade farewell to one of the greatest golfers that ever played a southland course—Harry Cooper of Dallas, Tex.

This southern gentleman won the Los Angeles \$10,000 open golf tournament which ended at the Los Angeles Country club yesterday.

Cooper achieved a mark for the 72 holes of play which was much lower than anyone had dared to prophesy before the tourney started. His total of 279 was seven under par.

Shoots Even Par

Cooper shot a 70 over the par 70 south course in the first 18 hole round. After that he played the north course which has a par of 72 and is one of the most difficult in Southern California. He negotiated the second holes in 68 and the third in 74. Then, to make his work convincing he shot a 67, which tied the course record, in the final Sunday afternoon.

The course record was set Sunday morning by George Von Elm, local amateur, who finished second in the tournament. Cooper and Von Elm were tied at the start of the final round, but Von Elm's 70 in that round cost him a chance for first place.

Third place honors were divided by Joe Kirkwood, New York, and Al Espinosa, Chicago. Both had 285.

Bill Creamy, Oklahoma City; MacDonald Smith, New York; John Golden, Patterson, N. J., and Willie Hunter, Brentwood, Calif., tied for fourth with 290 each.

Bobby Black, Wichita, Kansas, a veteran, was right on their heels with a 292. J. J. McHugh, San Francisco, crowded in among the leaders with a 293.

Those who scored 294 were Phil Taylor, Victoria, B. C., George Lally, El Paso, Tex., Al Watrous, Grand Rapids, Mich., and Bill Mehlhorn, Chicago.

With the exception of Von Elm and McHugh, all of these winners were in the party that left for Texas today.

The tournament was a success from every standpoint. The weather was perfect, with the sun shining on each of the four days the tournament was staged and without any wind to mar the play. The accurate work of "Pat" Patterson, who was in charge of the scoreboard, gave pleasure to thousands of persons who liked to follow the tournament from the club house.

The \$10,000, which is the largest amount ever awarded at a golf tournament, was divided as follows: First, \$3,500; second, \$1,500; third, \$1,000; fourth, \$750; fifth, \$500, and \$275 in smaller awards.

Never Injured; Out of Game Week

JACKSONVILLE, Fla., Jan. 11.—Ernie Nevers, former Pacific Coast grid star, is suffering from torn ligaments in his back and will be unable to play professional football for a week at least, according to physicians. Nevers was injured in the Glens Falls game here Saturday, which the New Yorkers won, 7 to 0.

JOUST WILL BE FIRST OF COAST PREP LEOP SEASON FOR UNTESTED POLY FIVE

Santa Ana high school's 1926 basketball team, untested and its strength absolutely unknown, will play its first game of the Coast Preparatory league season Friday afternoon, Long Beach, last year's cage champions and always a tough nut for local teams to crack, being the first opponent. The locals, handicapped by lack of practice, must make their first stand away from home for the schedule demands that the Jack-rabbit imbroglio be played at Long Beach.

Poly's home contests this winter will be played Friday evening on the court at the Birch street club-rooms of Santa Ana post No. 131, American Legion. League jousts will be held there with San Diego, Whittier and Pasadena. Poly must travel to fill its engagements with Long Beach, South Pasadena, Glendale and Alhambra, the other members of this high-powered interscholastic conference.

Charlie Winterburn achieved most of his athletic fame at the University of Pittsburgh because of his prowess on the football field but he also was good enough to hold down a berth on the Pitt basketball team as well as the varsity baseball club. "Chunky Chuck" is directing the destinies of Santa Ana's court outfit and if he handles this job half as well as he ran his football team last fall sport followers here will have no kick coming. Santa Ana never has boasted much of a basketball team so Winterburn has a lot to gain and nothing much to lose in prestige.

Lyman Kidman, the man who coached Poly's court club last winter, will have charge of the team this week. Winterburn must practice with the Los Angeles football team that is to oppose "Red" Grange's Chicago Bears next Saturday. He will play quarterback against the famous Illinois Icedman in this affair.

Kidman had considerable success with the Poly basketball team last year. He had his men playing a fast, smart, scrappy brand of ball and they made all of their games close ones. Last year was the first time in two seasons that a Santa Ana quintette won a league contest. Kidman's outfit won two and lost three. He isn't doing all the basketball tutoring this winter because of ill health.

Chester Siegel, the tall, long-armed, long-legged center, is captain of the Poly cage team. That speaks pretty well for his offensive skill. He also knows what to do when the opposition has possession of the oval.

Two transfer students from Middle high schools, Ferris Edgar and Harry Rodemacher, are playing the first string forward positions at present and it is probable they will draw the assignment at Long Beach Friday. Edgar hails from Kansas and Rodemacher used to live in Illinois. They were glad to come to California and they'd like to write back to their folks in Kansas and Illinois that they "made" their letters here their first year. Both boys handle themselves like real basketball players and so they stand a fine chance of winning the coveted block "SA."

Nylan Hurd, formerly of the Class B crew, seems to have the jump on the other candidates for the running guard post. The standing guard chores seem a toss-up between "Tex" Rister and Willard "Whitney" White. Rister was a varsity player with the Class C quintette in 1925, but White is fast and excels at getting his team's offensive play in motion.

No of the men now playing on the second string may find themselves starting with the varsity Friday. Lory Walbridge, star of the Poly Class C champions in 1924 and 1925, is fighting hard for a first string forward post. So is Cliff Walker, the Oklahoma boy, who starred at halfback on the local grid team last fall.

Melvin Harter is playing center on the second varsity and Ed Daley and Tommy Hitt are taking care of the guard places.

"Rudy" Romo, who throws baskets like Jimmy Smith picks spares will be eligible for the team when the second semester rolls around next month. He has had a lot of experience at the court pastime, having played on a couple of Poly weight teams two seasons ago and having seen service with the Y. M. C. A. five last winter.

League to Vote On Transfer of Two Coast Clubs

LOS ANGELES, Jan. 11.—Coast league officials resumed their meeting here today with transfers of the Vernon and Salt Lake clubs as the outstanding business on the program.

If Eddie Maier, principal owner of the Vernon club, gets his price of \$250,000, which it is said has been assured, the league will be able to vote approval of the deal whereupon by Stanley Dollar, millionaire San Francisco ship-owner, became the owner last Friday of the team. It has been agreed that Maier should receive this amount, according to those connected with the transaction, and there should be no hitch in the program.

Bill Lane, owner of the Salt Lake club, said this morning he would probably call his team the Hollywood Stars after the players had been brought to Los Angeles. He wants a ball park in Hollywood with a clubhouse where the boys can train in the spring.

10-PIN TEAMS RESUME RACES HERE TONIGHT

After a vacation of several weeks for the Christmas and New Year holidays, Santa Ana bowlers will toe the foul line again this week with the reopening of the various traveling leagues in which seven local business firms are represented. Timber also will fly in the two house leagues operated at the Broadway academy and the A. and B. alleys.

Still very much in the thick of the pennant hunt, the Oldsmobile Six quintette get a home date this week in the Southern California league, the second most important circuit in the bowling racket. The automobile men face the Recreation Barber shop squad from the Davenport alley, Los Angeles, at the A. and B. drives here Thursday night.

The Santa Ana Lumber company of the Broadway academy got away to a discouraging start in this chase but with several Anaheim stars added to the lineup, the squad is picking up ground now, already having ascended out of the cellar. The lumbermen travel to Huntington Park Thursday.

Activity in the Southern California Mercantile league will be renewed tonight. The O. A. Haley, Inc. quintette, now in second place, undergoes the most severe test of its season when it rolls the crack Redondo Grill outfit, league leaders, at the A. and B. alleys here, in fifth position, travels to the California alleys, Los Angeles, for a match with the Barry Class Hats brigade.

Ed Tansey's Barbers come to A. and B. alleys Wednesday night to settle their Commercial league squabble with the Fuller Paint company. Effker's Gift Shop club goes to Torrance to meet the Torrance alley's team. Both local teams are near the top of the standings list.

TRUCKERS CAPTURE HARBOR LEAGUE TITLE

S. A. Country Club Begins League Play Wed.

OAKMONT TEAM FIRST FOE FOR LOCAL GOLFERS

Twenty-seven teams, representing as many Southern California clubs, will begin interclub golfing competition Wednesday and at the close of the season of three months the champion team of this section of the state will be crowned.

The Santa Ana Country club's 10-man squad, captained by H. B. Van Dien, will go to the Oakmont Country club for its first match. Its opening "at home" tiff will be held January 27 with the Ventura Country club's team.

This year's starters have been divided into two sections, the Los Angeles winners in the Class A competition last year, being put in the first division while the remaining 21 teams are in five different leagues, known collectively as the second division. Santa Ana is in Group No. 5 along with Long Beach, Palos Verdes, Oakmont and Ventura. The Hacienda club of La Habra is grouped with San Diego, Lakeside and Riverside.

Captain Van Dien will pick his team from the following leading golfers of the local club: Homer Robinson, L. W. Benish, M. W. Clark, C. D. Holmes, Mark B. Lacy, Robert E. Reid, E. D. Holmes, J. E. Livesey Jr., J. Fred Parsons, Dr. M. A. Patton, George B. Shattuck, Hugh Shields, Hugh Smith, John W. Tubbs, C. G. Twist, J. B. Van Dien, Z. B. West Jr., J. S. Warner, C. H. Way and F. B. Brown.

Schedule of play Santa Ana's league follows:

DIVISION NO. 5
Jan. 13—Long Beach at Palos Verdes.

Santa Ana at Oakmont.

Jan. 20—Palos Verdes at Ventura.

Oakmont at Long Beach.

Jan. 27—Ventura at Santa Ana.

Long Beach at Oakmont.

Feb. 3—Santa Ana at Palos Verdes.

Ventura at Long Beach.

Feb. 10—Palos Verdes at Santa Ana.

Oakmont at Ventura.

Feb. 17—Ventura at Palos Verdes.

Oakmont at Santa Ana.

Feb. 24—Santa Ana at Long Beach.

Oakmont at Palos Verdes.

Feb. 28—Long Beach at Ventura.

Palos Verdes at Oakmont.

Mar. 3—Santa Ana at Ventura.

Palos Verdes at Long Beach.

Mar. 10—Ventura at Oakmont.

Long Beach at Santa Ana.

Rules for the various leagues, as laid down by Ed Tuffa, president of the Southern California Golf association, follow:

All teams are entitled to one practice round prior to start of scheduled game without green fee.

No player will be permitted to play on more than one team, even though he be in another division.

Scoring to be computed by the Vaseau system. One point will count for the first nine holes, one point for the second nine holes and one point for the match. In case of ties, one-half point to each side.

It is very important that the results of the matches be sent in to the newspapers by phone or telegram. Do not delay in doing this.

The home team captain is held responsible for reporting results of matches.

If the schedule should at any time interfere with any other dates or tournaments, all postponements must be arranged for between the captains of the two competing teams. However, the matches must be played during the week in which the schedule calls for.

The winners of Group No. 1 and Group No. 2 and the winner of Group No. 3 and Group No. 4, Division No. 2 will play one match each on neutral courses. The finalists will also play their match on a neutral course to be chosen by the committee.

Bucky Harris to Ask \$50,000 for Managing Solons

WASHINGTON, D. C., Jan. 11.—"Bucky" Harris, boy manager of the Washington Senators, is reported to be holding out for \$50,000 a year. If Clark Griffith meets his demands, which is regarded as more or less certain, Harris will be the second highest paid man in the game. Ty Cobb outranking him by \$10,000.

"Goose" Goslin, who broke Babe Ruth's records in the world's series last year by smacking out three homers, is asking for a boost in salary to the tune of \$5,000 a year. His demands are also regarded as certain to be granted.

La Barba Prepares For Sencio Match

LOS ANGELES, Jan. 11.—Fidel La Barba, world's flyweight champion, settled down to his heavy training today in preparation for his 12-round no-decision bout with Clever Sencio here a week from Wednesday night.

Sencio has been working out for some time. The Little Filipino came over to this continent for the express purpose of winning the flyweight championship. "The only way he can accomplish this next week is by a knockout, as no decision will be given by the referee. However, if Sencio outboxes La Barba he will probably land a title bout.

NOW I GO TO HIS CABIN - SEE DAUGHTER AND MAYBE SHE GO WITH ME TO MINE TO LOOK FOR FATHER!!

DEN I PUT HER OUT OF WAY AN' NO ONE KNOW WHERE GOLD MINE IS BUT MUSH!

MEANWHILE PHYLLIS HUNT HAS BEEN SEARCHING FRANTICALLY THRU ALL HER FATHER'S THINGS FOR A MAP SHOWING THE LOCATION OF THE HIDDEN MINE

LOOK, DYNAMO, THERE IS A FALSE BOTTOM TO THIS OLD BOX"

AND SO JUST AS MUSH AND HIS DOG TEAM ARRIVE, PHYLLIS FINDS THE MAP.

OH, DYNAMO, NOW WE CAN GO TO THE MINE AND SEARCH FOR DADDY!!

AND NOW WE WARN YOU - DON'T MISS TO-MORROW'S SMASHING EPISODE

ORANGE COUNTY GRIDDERS TO OPPOSE GRANGE, GRID GHOST

Orange county will be well represented on the Coliseum gridiron next Saturday when the Los Angeles Tigers meet "Red" Grange's Chicago Bears. Four Santa Anans and two Fullertonites will be in the Southern California team's lineup. Newt Stark, (top left) former Poly and U. S. C. star, will be at an end. Bill Cole (top right) will be stationed in the line. George Baker (lower left) former Stanford player, will start at center. "Church" Winterburn (lower center), former Pittsburgh star and now Santa Ana high school coach, will play quarterback. Harry Shipkey (lower right), late of Fullerton and Stanford, will be found at tackle. "Honey" Earle, also of Fullerton, will be in the backfield.

The Nut Cracker by JOE WILLIAMS

DOPING OUT NEW YEAR.

Presenting our annual horoscope of unimportant developments that are almost certain not to occur, and if they do, what of it

JANUARY: Cal Coolidge spends \$3.85 for breakfast on Pullman and tips waiter 15 cents. . . Mrs. Rudolph Valentino refuses to discuss modern love and other petty annoyances. . . Babe Ruth begins training.

FEBRUARY: United States Aircraft division apologizes to Col. Mitchell. . . Bill Tilden refuses to write for newspaper syndicates on ground such work prostitutes the amateur spirit. . . Ban Johnson wins a golf match from Judge Landis.

MARCH: Parlor humorist (a) engaging in spirited repartee with parlor humorist (b) neglects to add "and so is your old man" and is awarded 1925 championship in self-restraint.

APRIL: Walter Johnson pitches opening game for Washington. . . Visitor wants to know if this is same Walter Johnson he saw back in 1906. . . Is surprised to learn it is a bigger and better Walter Johnson.

MAY: Babe Ruth tells reporters he will be down to weight before month is over. . . Mrs. Rudolph Valentino warns girls in ribbon counters to beware of movie shells and mind their mamma's and papas. . . Especially their papas.

JUNE: Bobby Jones shoots East Lake course in Atlanta in 17 under par and headline writers refer to him as "boy wizard from Georgia."

HAROLD LLOYDS TAME TIGERS; 'Y' FIVE WIN

Basketball of collegiate caliber, was exhibited by the Harold Lloyd team in defeating the Santa Ana Tigers, 34 to 12, at the local "Y" gymnasium, Saturday night.

It was one of the fastest games that has ever been witnessed here. The movie comedian's cohorts played a skilled, scientific match that furnished thrills galore for the gallery of more than 100 spectators.

Considering the little amount of practice they have had, the Tigers gave the Harold Lloyds a stiff fight. The Santa Anans got off in front and through the first quarter held a slight lead. Before the half closed, however, the Lloyds walked ahead to a 15 to 7 advantage and continued to roll in points.

The visiting quintette outclassed the Santa Ana Tigers in teamwork. All the visitors were accurate hoop ringers. This was evidenced by the standing guard, tallied baskets. . . .

Brooks, former Michigan State college player, now coaching at Huntington Beach, was the high point man for the winners with eight counters.

The stellar performer for the Tigers was Lyle Richards, formerly of the Oregon Aggies. He accounted for eight of Santa Ana's 12 points. Other outstanding players were Ray Price, Stewart White and "Dutch" Hinrichs.

The lineup:

S. A. Tigers Pos. Harold Lloyds Price (1) . . . F. . . (5) Jeffries Richards (8) . . . F. . . (5) Campbell Hinrichs (1) . . . C. . . (4) Hemsch White (1) . . . G. . . (4) V. Landreth Wayne . . . G. . . (2) Kirkpatrick

Substitutions: Santa Ana Tigers —Wallace for Price; Lyman for Richards; Brunskill for Hinrichs; Ganz for White; Harris (1) for Wayne. Harold Lloyds—K. Lloyd (4) for Campbell; Brooks (8) for Hemsch; Shue (4) for V. Landreth; O. Landreth for Kirkpatrick.

COLLEGE CAGERS DRUBBED BY Y. M. C. A. FIVE

Something of a return slap was dealt the Santa Ana junior college cagers when the Y. M. C. A. quintette scored a 22 to 12 win over them in a curtain raiser to the Tiger-Lloyd tussle.

Earlier in the season the collegians toppled the "Y" quintette whose come-back smarted of revenge on Coach Graham Harris' college aggregation.

Through co-ordinated teamwork, the green-jerseyed "Y" players out-classed their opponents. An early lead was gained and never during the game did the collegians rally or threaten their opponents. Most of the "Y" scoring was done by Merle Kennedy and Frank Benson.

Coach Harris sent twelve players into the fracas but he was unable to stem the tide that submerged his men. Russell Kokx was high point man for the college, scoring six points.

The lineup:

Y. M. C. A. Pos. Junior College Kennedy (8) . . . F. . . Smith Benson (6) . . . F. . . (6) R. Kokx Anderson (2) . . . C. . . (2) J. Lutz White . . . G. . . (2) E. Lutz Bowe (2) . . . G. . . (2) K. Kokx

Substitutions: Santa Ana Y. M. C. A.—Cox for White. Santa Ana junior college—Labrucherie for Smith; Squires (2) for Labrucherie; McHenry for K. Kokx; McLane for McHenry; Van Dyke for J. Lutz; Webber for Van Dyke; Strochlem for E. Lutz.

NEW OREGON COACH TAKES OVER DUTIES

PORTLAND, Ore., Jan. 11.—Captain J. J. McEwan, newly picked football coach for the University of Oregon, was in home territory today ready to make an invoice of his football chances for next season.

"Spring practice will begin early at Oregon this year and will continue until I can get a line on my material," he said. "I'm glad to learn that only three men from this year's team will be gone next season."

Rhodes Scholarship Is Awarded Former Cornell Grid Star

GEORGE PFANN

During his collegiate days, George Pfann was rated one of the greatest football players ever developed at Cornell. As a quarterback and all-ports. He's just come into a new round performer he had few superiors. He's just come into a new Rhodes scholar from Ohio.

POLY TRACK SQUAD REPORTS FOR DRILL

(Continued from Page 16)

ing is a contestant in the high jump and the hurdles.

Ray Dawson, burly football captain, will be lost to the track team this season due to illness. The shot put toll in which he was a mainstay last spring, probably will fall to Jerry Heard, William Schleicher or Harry Rodemacher, the latter a new field event man from Witt, Illinois.

The discus will be tossed by Schleicher, Rodemacher, William Sequin and Cliff Walker. Walker also is a valued man for the javelin throw, an event to be introduced this year in prep meets. He is said to be able to fling the spear 165 feet.

Bob McKean is the best bet in the distances. He should shade 2:05 in the 880 this spring and run under 4:50 in the mile. Carvel Baldwin is another good prospect for the long grinds.

Not a Victory.
Sam Jones of the Yankees has been in three world series but has never won a single game, though charged with two defeats.

Plan Memorial Service for Deceased Coach

BERKELEY, Calif., Jan. 11.—Plans for the memorial service Saturday honoring Andy Smith, deceased football coach of the University of California, were being made today by a committee headed by "Tut" Imlay, captain of the 1925 Bruin varsity.

Milton Farmer, San Francisco, executor of Smith's will, is to be master of ceremonies at the event in Memorial stadium.

Students and university officials and famous players from the "wonder teams" produced by Smith are among those planning the memorial. It is expected that President W. W. Campbell of the university, will deliver the major address of the service.

SMITH'S BODY ENROUTE.
OMAHA, Neb., Jan. 11.—The body of Andy Smith, University of California football coach, who died in Philadelphia, passed through here at 9:30 a. m., bound for Berkeley, where funeral services will be held Saturday.

DOWN PAINTERS IN FINAL TUFF BY 7-4 SCORE

The Van Dien-Young company Truckers of Santa Ana were "in" today as champions of the Orange County Harbor Baseball league for the 1925-6 season.

They clinched that honor at Costa Mesa park yesterday by routing the Shields Paint company club, also of this city, by the score of 7 to 4. The largest crowd of the year watched the rivals wage a hammer and tongs battle for the league supremacy.

The Painters had a long way to go before they could grab the title for a most interesting play-off series had they wrecked the Truckers. The crowd was all for them and they made a good and game effort to turn the trick but the Van Dien-Youngs got such a heavy lead by timely swatting in the early innings and battled so tenaciously to retain their advantage that the issue really never was in doubt.

Jack White, one of the best young pitchers developed in the six years the Harbor league has existed, was on the ridge for the champions and he was plain poison to the Painters in the forefront of the fracas. He held his opponents to six hits and was accorded superb support by his mates, "Doc" Scott, in particular, contributing a couple of circus stunts that saved White considerable embarrassment.

Hendricks started gunning for the Shields team but was ineffective and his support was wobbly to say the least. "Tex" Rister, the high school southpaw, relieved him in the sixth and went the rest of the route nicely.

The box score:

Shields Paint Co.		A	B	C	D	E

EVENING SALUTATION
Not mine the golden glimpse of yesterday,
Whose colors dazzle but to fade away;
For, though it wear a guise of somber gray,
Real is the silver of my own today.
—Jeanie Grace Crawford.

A FEDERAL BUILDING, WHEN?

The fact that a bill has been introduced into the House of Representatives at Washington seeking funds for the construction of 300 federal buildings in as many different cities of the United States has revived the often discussed question, "Why doesn't Santa Ana have a post office building?"

In the proposal for expenditures as outlined in the bill at Washington \$200,000 is provided for a federal building at San Bernardino. We have had a number of Santa Anas ask why San Bernardino has received this recognition while Santa Ana is passed by.

We are hopeful that San Bernardino will secure the appropriation, and though the items of the bill as introduced are subject to change, it may do so. In fact, we are interested directly in securing a federal building at San Bernardino as a federal building would provide better facilities for the United States Forest Service, which is in charge of the national forest in the San Bernardino mountains, the source of the Santa Ana river.

While in no way seeking to divert attention from the claims that San Bernardino has for a federal building to house not only the post office but other federal departments, we are anxious to have our own claims for attention made plain. By reason of the fact that years ago, long before the World War, San Bernardino secured an appropriation for a lot, which was purchased, San Bernardino claims the right of way over other cities of the congressional district. At that time, San Bernardino's postal receipts were larger than ours. That condition, however, does not prevail today.

Just for whatever interest there may be in studying this question, and as a matter of general information and comparison, we give the postal receipts for San Bernardino, Riverside and Santa Ana for the past two years:

San Bernardino—\$111,000 (approximately), in 1924; \$120,765 in 1925.
Riverside—\$116,116.23 in 1924; \$123,686.09 in 1924.
Santa Ana—\$129,229.31 in 1924; \$136,708.28 in 1925.

Riverside has had a government-owned post office building for many years.

There is a probability that soon the construction of post office buildings will be taken out of the hands of congressional favor and will be placed in the hands of the post office department. The proposal has been made that the department be given a bulk sum to be used each year for construction purposes, to be distributed in accordance with the needs of the service, the decisions to rest upon business judgment and conditions. When that time arrives, it is likely that the city in which the government has high rental to pay will be given consideration over the city in which the government has an advantageous lease.

That, however, is a prospect and not a reality. At present, congress is the determining factor. While the present bill seems to be largely confined to carrying out projects already started, such as San Bernardino and Long Beach, where lots had been purchased, Santa Ana is entitled to early consideration, at least for the purchase of a site.

SOIL PRESERVATION

Timber in this country originally seemed so limitless in extent and soil so limitless in richness and fertility that both were used with little regard to the future. At the present time, faced by rapidly dwindling forests and increasing areas of worn-out soil, the country is taking steps to check the waste and repair the damage.

Canada began its great agricultural development later than this country and it is apparently determined to profit from our mistakes.

Premier Dunning of Saskatchewan is urging the legislature in that province to establish a large endowment fund "to work for agriculture forever." He proposes that the interest on this fund should be used for research work directed toward the study and prevention of plant and animal diseases and in preventing any diminution of the land's productivity.

Crop rotation and soil fertilization, if planned for and carried out scientifically, should prevent much of the disaster that has overtaken some of the older American farm areas. Premier Dunning sets an example and teaches a lesson to agriculturists on both sides of the border.

EXTENSION COURSES

Such widely different subjects as English literature, ceramics, public health nursing, life insurance and journalism have been announced by the University of British Columbia to commence in January under its extension department. The courses range in duration from a few lectures to weeks of intensive study.

Such departments represent an interesting development of modern education. They reach a great many persons who never take a regular college course, but who welcome the opportunity offered to increase their general knowledge or to acquire advanced training in specific fields. Often outside organizations cooperate.

Educational opportunities in the United States and Canada are very great. The fact that so many different sorts of schools exist and thrive testifies to the general hunger for education. Sometimes critics despair of the quality of all this formal education. Rather they should rejoice at its existence and work to improve it.

MAN-POWER WASTED

Half the man-power in America is wasted, declares Stuart Chase of the Labor Bureau, Inc. Here is the way he figures it out:

On any ordinary working day there are 7,000,000 or 8,000,000 adults doing nothing. Most of them are idle against their will. They are victims of the "seasonal and cyclical unemployment," or of preventable accident or ill health. Add those who are idle by choice and those who are engaged in unnecessary or socially harmful work, and it makes half the national man-power, as aforesaid.

If it is anywhere near so bad as this, here is a big

and imperative job for social and economic engineering.

Man-power is fundamental; all production comes from it. When we waste man-power, we waste not only time, money and material necessities and comforts, but life itself. Better organization of this tremendous power, which is the chief and lasting resource of the country, might mean progress, prosperity and happiness beyond anything imagined.

A PIONEER PASSES

In the death of Joseph Yoch, Santa Ana sees the passing of another of its well known pioneers. One hears of the death of a pioneer with regret, and that regret is keener when one knows that the pioneer was one who was closely associated with varied affairs of his county and city.

Joseph Yoch was not only prominent in business affairs but served the county faithfully and well as a supervisor and the city as a trustee. The fact that he held these offices in itself indicates the trust that many hundreds of residents of the city in which he lived had in him. His honesty in his private and public relations was never questioned. His religious devotion was one of implicit faith and confidence.

Kindly in his attitude toward the world in general, and especially kindly to, and loved by, those who knew him intimately, Joseph Yoch came to a ripe old age.

If the hard coal strike lasts a few more months, the public may learn what it's about.

America Lags in Science

The meeting of the American Association for the advancement of Science in Kansas City last week gave an impression of great activity in the field of science in America. Here were hundreds of men reporting the results of their investigations. Two of them in particular, Dr. Dayton C. Miller of Cleveland and Dr. Robert A. Millikan of Pasadena, told of experiments that have attracted attention in Europe and that are of immense importance to the world.

Yet America is regarded by its leading scientists as not doing its share in scientific research. Dr. M. I. Pupin, the retiring president of the association, ranks the countries in the order of the importance of their research work as Germany, England, France, the United States. America, with its enormous resources and wealth, and a population double that of any of the other countries named, is still outstripped by them in fundamental work in science.

One difficulty is that America is too anxious for quick results. We go to our scientists every few months and say: "Well, what have you got to improve the wheat yield?" It is a good deal as if somebody had kept calling Sir Isaac Newton on the carpet while he was working on the law of gravitation to ask him whether he had discovered a fireless cooker yet.

In the long run applied science must depend for its success on the results of apparently useless scientific research. In this field is a great opportunity for such research work as Secretary Hoover is trying to establish with its 10 million dollars endowment. America ought not to lag in its contributions to the world's store of knowledge.

Progress in the South

Long Beach Press-Telegram
In 1867 not one of the Southern States had a system of free public schools. Only in a few cities of the South were such schools to be found. Now all of these states are spending millions for public education, and while the training is not so thorough or so expensive as in many of the northern and western states, the advance is so great that it calls for commendation.

The South long had been notable for its colleges and universities, and under generous benefactions large extensions have been made possible during recent years. Duke university, with an \$80,000,000 endowment from the tobacco king of that name, is now said to be better financed than any other university in the United States.

Other significant contributions to the progress of education in the South is the recent completion of the \$5,000,000 fund for the Hampton-Tuskegee Institutions which makes secure the conditional gift of \$2,000,000 offered by George Eastman of Rochester, New York; and \$5,000,000 given to Vanderbilt university in Tennessee for the development of its medical department.

It is significant that a \$2,000,000 gift from Mr. Peabody in 1867, designed to promote education in the South, marked the beginning of the more enlightened days for the rank and file of southern people. No doubt these more recent benefactions will have an influence proportionately great.

Health Topics

By DR. HUGH CUMMING
Surgeon General, United States Health Service

KEEP AIR MOIST TO KEEP WELL

In order to keep living every one must have sufficient air to breathe, and in order to keep on being healthy this air should be sufficiently pure as well as sufficiently moist. If we could spend our lives in the open air, away from noxious gases, ventilation would take care of itself.

The air of our rooms, in order to be healthful, must be renewed constantly either by natural or artificial means. When we breathe in we take oxygen from the air, and when we breathe out we add carbon dioxide and other substances. Oxygen is taken from the air we inhale, by the blood which circulates through the lungs and is carried away to help the food build up the body, keep it warm and energize it.

Oxygen constitutes about one-fifth of the air, and about one-half of that one-fifth is breathed out unchanged, and may be breathed over. Carbon dioxide is part of the waste that is left over in the body when oxygen and food combine to build up the body. It is picked up from the blood by the lungs and breathed out. It is injurious when it is breathed in again in too large amounts.

In using window ventilation care should be taken that some persons do not suffer from bad air, while others shiver and sneeze. To renew air, some factories now use big electric fans so placed as to drive off the foul air or to drive in the fresh air, or both.

Temperature and humidity, that is, the presence of moisture in the air, must also be considered. The body heat given off by workers congregated in a work room, by congregations massed in churches, by audiences in theaters and other buildings, raises the temperature and increases the moisture.

In winter, on the other hand, the heated air in buildings is usually too dry. Often the humidity falls to as low as 20 per cent and humidity as low as this is lower than that found in desert regions. Air as dry as this draws moisture from the skin and irritates the mucous membranes of the nose, throat and mouth.

His Annual Stunt

Need Just Now is in Varied Field Products

San Francisco Chronicle.

The farm census of California for 1925, just released by the Department of Commerce, has everything right so far as statistics are concerned and gives official confirmation to what we at home have all the while known of the increasing value of our farm lands.

But the report indicates that in the last five years California farmers have been getting away from field crops and going in more and more for the highly specialized products of orchard and vine. And this is a movement many of our most thoughtful economists believe for the present has gone far enough.

California's soil and climate are splendidly suited for the production of a variety of fruits not capable of being raised in other agricultural districts. They are specialty crops—the orange, the raisin, the almond, the walnut, the prune. The opportunity to grow such fruits has been a great temptation to many farmers to go into their cultivation exclusively and to neglect those field crops for which there is an equally profitable market not likely to be oversupplied.

We have enough acreage planted to orchard and vineyard to take care of our present markets, but are apt to overlook the fact that hay, barley, beans, wheat, cotton, potatoes, sugar beets and rice have a farm value equal to the farm value of fruits, and there is no overcrowding of the market.

California's vegetables—asparagus, spinach, cantaloupes and tomatoes—remained in good demand at a good price even during the period of after-war deflation. And dairy products offer a fine field for further development. We use as much butter as we produce and consume five times as much cheese as we manufacture.

This latest census points out that hog raising in California dropped to one-half of what it was five years ago, and yet we import 60 per cent of the hogs slaughtered in the state, and say nothing of the hams and bacon shipped in to satisfy local demand.

There are plenty of crops not in the orchard or vineyard class from which a profit is to be had and it is a duty overlooked not to point out these opportunities to the settler. Many localities, too, are better suited to field crops than they are to orchard or vineyard, and by sticking to beans or alfalfa, barley, potatoes or wheat the farmer will have more luck than if he went in for pears or peaches or citrus fruits.

The home market is growing, and rapid increase in population will give the farmer the added consumers needed and there is plenty of room for an expanding production in general field crops.

Worth While Verse

OPPORTUNITY

This I beheld, or dreamed it in a dream:—
There spread a cloud of dust along a plain;
And underneath the cloud, or in it, raged
A furious battle, and men yelled, and swords
Shocked upon swords and shields. A prince's banner
Wavered, then staggered backward, hemmed by foes.
A craven hung along the battle's edge,
And thought, "Had I a sword of keener steel—
That blue blade that the king's son bears,—but this
Blunt thing —" "I" he snapt and flung it from his hand,
And lowering crept away and left the field.
Then came the king's son, wounded, sore bestead,
And weaponless, and saw the broken sword,
Hilt-buried in the dry and trodden sand,
And ran and snatched it, and with battle-shout
Lifted afresh he hewed his enemy down,
And saved a great cause that heroic day.
—Edward Rowland Sill.

Time To Smile

SHORT AND SWEET

Talleyrand, it seems, hated to write letters, and when he could not escape answering a note his style was telegraphic. Two autographs of his were recently sold, both addressed to a widow who remarried.

In answer to the news of the death of her husband he wrote:

"My Dear ———— Alas! Devotedly yours."

When the consoled widow told him of her second marriage he wrote back:

"My Dear ———— Bravo! Yours devotedly."—Washington Post.

WRONG FONT

"What made Mabel turn Tom down?"

"He was a printer and she didn't like his type."—The Beano.

ENOUGH

"Do you know how old she is?"

"No, but I know how old she tries to be."—London Mail.

Little Benny's Note Book

by Lee Pope

My sister Gladdis was up in her room taking a splinter out of her finger with a needle and making faces to herself when I heard her, being every time she tried, and I said: "Wats you doing, Gladdis, trying to get a splinter out?"

My but your brite, Gladdis sed. Wat do you think Im doing, training this needle to stand on its hed? she sed.

No, I thawt you was trying to do the Charleston with your face, the way your twisting it, I sed. Proving I could be as sourcastic as wat she could, and she sed, O, get out of heer, owth, havent I got trouble enuff without having to look at you, owth.

Me staying there and watching her jest the same, and after a wile I sed, Hay Gladdis, do you want to know a good way to take out a splinter, its my own invention.

Then Im not intristed, Gladdis sed, and I sed, All rite, Ill tell you, you tie a string to the nearest end of it and then you tie the other end of the string to the doornob and quick push the door shut and that pulls it out if the string dont brake.

Owth, now get out, go ahead, get out, Gladdis sed. And she made a mad grab for me and I quick ran out and slammed the door without axually going away, and pritty soon I yelled through the keyhole, Hay Gladdis, Ill tell you another way, stick your face rite up close to it and it will get so scared it will jump out.

And I quick went down stairs by the banisters without waiting time waiting to see if she came out after me or not.

Tower of Pisa

The long dispute as to whether or not the inclination of the celebrated leaning tower of Pisa was intentional has never been settled. The common opinion has been that when the building had reached the third story the ground sank and with it one side of the tower; this conclusion is further upheld by the fact that the church to which it was attached as the bell tower has also settled.

The architects planned the remaining five stories of the tower so as to throw the greatest weight upon the opposite side, and thus insure stability. As a further indication that the leaning of the tower was not intentional it is reported that when the architect Gherardesco built the tower he made a deep trench around it, and the filtration of water weakened the earth under the masonry cylinder foundation, which is very shallow. The famous structure was two centuries in building (1174-1350), and from it Galileo made astronomical observations.—The Mentor.

Water Splits Rocks

The ancients used water to help them in quarry work. When it was desired to split a huge block of granite, such for instance as Cleopatra's Needle, drill holes were bored in a long line, and into these were driven plugs of wood which were soaked with water. The saturated wood expanded, with the result that the block slowly split away, says the Scientific American.

In similar fashion frost has been made use of to burst old shells which it was desired to scrap. They were filled with water, the holes were plugged up, and the cases left out in a zero temperature. Without further trouble the desired results were obtained.—Exchange.

The Very Idea

By Hal Cochran.

HOW ABOUT YOU?

Say, whadda you think of yourself today, and have you some cause to feel proud? Whatever you are, are you glad you're that way, and how do you stand in a crowd?

A man is a man—that's according to Burns—but it's not the full story, by far. The real tests depends, as a man lives and learns, on the kind of a man that you are.

The world's full of things that are meant to be done, and we all have our share, so they tell us. To do things alone, 'cause you want to, is fun, much more so than when needs compel us.

There's no one who knows you like you do, of course. You can't kid yourself about you. Your honest opinion will come from the source of the really worth-while things you do.

Though mirrors may cast a reflection of style, of good looks, appearance and such, it's what's 'way inside that is really worth while. Think it o'er. Do you count for so much?

Only a thousand, more or less. One married man certainly envies another who loudly boasts that he's boss in his home. And then the second invites the first out to his house for supper. Ho, hum.

"Look on either surface of a bright new dollar, if you want to see the bright side of things," advises a kind friend. But he neglects to tell how to get the dollar.

Why worry if a cute pug nose May happen in your cup? For, as life comes and also goes, A lot of things turn up.

NOW, HONESTLY

Hey you! Why don't you pull up your tie? Why not button that top button on your shirt? Oh, so you're not worried about personal appearance?

Well, you're standing on the wrong foot! Clothes don't make the man, but appearance helps to make him fit in where slovenliness has no place. Tidy up a bit. It's worth while.

SON: Hey, pop, what does liqui-

date mean? POP: That's what the party your mother and I went to New Year's eve turned out to be.

One Year Ago Today

Sir Charles W. Macara, leading figure in the British cotton textile industry, born in Scotland, 81 years ago today.

Dwight W. Morrow, New York banker and close advisor to President Coolidge, born at Huntington, W. Va., 53 years ago today.

Scott Wilson, chief justice of the supreme court of Maine, born at Falmouth, Me., 56 years ago today.

Today's Birthdays

Alanson B. Houghton was chosen to succeed Frank B. Kellogg as United States ambassador to Great Britain.

LITTLE JOE

THE REAL LUCK IN A RABBIT'S FOOT IS WHEN A RABBIT GETS AWAY. BOW!

ADVENTURES of the TWINS

by OLIVE ROBERTS BARTON

NO. 1—HIDY GO LAND

"Hello! Hello! The Fairy Queen speaking! Is that the house where the Twins live?"

"Yes, it is," said Nancy, who had answered the telephone. "How do you do, Mrs. Queen?"

"I'm very well, indeed, thank you," said the Fairy Queen sweetly. "And how are you, my dear? And Nick?"

"We're just fine," said Nancy. "We're playing sail-boat in the dining room now with two chairs and a table cloth!"

"Oh! My dear!" said the Fairy Queen in a shocked voice. "I hope it is an old table cloth."

"Yes, it is," said Nancy. "Mother was just about to tear it up into window cloths."

"Well, that's better," said the Fairy Queen. "You never can guess where I am."

"Where?" said Nancy. "Out in the snowy woods with a lot of my fairies, scattering crumbs for the little winter birds," said the Fairy Queen. "The poor little mites can't get a bite to eat with the snow and ice over everything."

"Oh, may we come and help you?" cried Nancy.

"No need for that," said the Fairy Queen. "Just scatter some crumbs around your own house. And do it each morning, please. And tell all your friends to do it, too."

The little chickadees will be so grateful, and the sparrows, and downy-woodpeckers and a nut-hatches, and all the little winter birds who are brave enough to stay here with us. They are our guests and we always feed guests, you know. And get a bit of suet from cook (that's fat) and tie it to a tree or bush or porch rail or any place where they can get at it. They need it as well as the bread."

"Oh, I'm so glad you told us," said kind little Nancy. "We always mean to feed the birds, but we forget."

"The most important thing of all," said the Fairy Queen, "is never to forget."

"Where is it?" asked Nancy. "The king's name is Havalook. It's a queer place with all sorts of people and things. Things that disappear and can't be accounted for. You can reach it by any crack in the walk or floor or pavement, or by the queer little holes you spy in the fields. You'll have no trouble. The magic shoes are on your doorstep."

Before Nancy could answer, the Fairy Queen had rung off. (To Be Continued)

(Copyright, 1926, NEA Service, Inc.)
